## No Legal Basis To City "Strike" On School Costs

Board Says Cannot Reduce Estimates; Next Move Up to Vernon, Coldstream

Next move in the school estimates chess game is up to the Vernon and Coldstream Councils. Last week they noted the School Board they could not accept the Board's estimates. Monday, the trustees decided the budget was prepared as accurately and carefully as possible (only legal ground for Councils' objection), so they are sending the estimates back to the Councils. If the Councils still demur, they can apply for arbitration on the grounds that the estimates are excessive or beyond the means of the municipalities. This was the advice of Gordon Lindsay, School Board solicitor, received at Monday night's meeting.

## Junior High in MacDonald Park Final Agreement

Cost of Private Property Not Comparable to Slight Difference in Distances

Vernon District School Board last night confirmed its plans to build the Junior High School in MacDonald Park. The decision was reached after investigation of the relative sight on the Harris property west of Seventh Street, and the architect has been asked to draw up plans accordingly.

The board is still negotiating for the proposed six-room elementary school. After Chairman P. S. Sterling said, "When all factors were taken into consideration, MacDonald Park was the only suitable location," Trustee M. S. Freeman suggested the Board explain the reasons behind the decision.

Mr. Sterling said that the cost of purchasing the private property far outweighed the advantage of its location closer to the centre of the city. The difference in the distance to the Seventh Street site and the MacDonald Park site "was really very small," said Mr. Sterling. He said the tentative price quoted for the land was fairly high, "but not any more than it probably is worth."

The net gain in distance was comparable to the greater cost," Mr. W. McIntyre, trustee representing the rural areas, asked the board had any guarantee the city would not take the same attitude to schools in MacDonald Park as "telling us we can't build any more there."

The City Council and Town Planning Commission assured us MacDonald Park is a playground park, not a flower and tourist park, said Mr. Sterling.

That the city given any definite Junior High

## Stream Prices at All-Time High; 60,000 Return

Valley Butter Production 50 Per Cent Higher Than Year Ago; Stocks Low

Member patrons of the Shuswap Okanagan Dairy Industries Association (SODA) are this month receiving the highest price ever paid for their cream. The rate is 70 cents per pound butterfat and 10 cents for milk solids.

Some farmers are reported to have recently sold cows for prices to \$250. "When it is considered that a cow is able to produce 400 pounds of fat per year, and that 10 pounds of other solids will bring over \$300 a year in cash income, such prices are not altogether fantastic," Mr. Clarke said.

Since the enlargement of the association by incorporating the Bulkley Arm Creamery, total output of butter is now approximately 80 percent higher than one year ago. The price of butter is much greater than before. Stocks are now at a low level.

The largest refrigerated truck in the valley is now at Vernon. It is a 10-ton truck, built by the Canadian Pacific Railway, and is the largest of its kind in the valley.

## Boy Waves Vain Warning As Trains Crash Head-on

A railway collision between two C.N.R. freight trains on Lumby Junction trestle, Kalamalka Lake, might have been averted Monday had trainmen heeded a small boy's futile attempts to signal a danger warning.

The accident, which sent Engineer James Boyce, of Kamloops, to the Vernon Jubilee Hospital shortly after five p.m. suffering a fractured skull and dislocated shoulder, occurred when a Kelowna bound freight turned off the main line to allow a passenger train headed for Vernon to pass.

The freight was stopped temporarily on the trestle mid-section. At the same time another freight from Lumby approached the trestle from the opposite side. Trainmen simply waved back in friendly response to the little boy's frantic gestures. They did not realize their position until it was too late, and the Lumby freight smashed head-on into the stationary engine.

There are homes and cabins almost underneath the trestle. When the crash occurred, residents rushed out fearing the structure was collapsing and that the engines and freight cars might crash onto their homes. Although the locomotives were damaged, neither they nor attached cars left the tracks.

## School, Hospital Aid Is Urged By Vernon M.L.A.

C. W. Morrow Addresses Provincial Legislature; Active On Committees

Pleas for increased education grants by the province and for rural areas paying some of the capital costs of hospitals headlined the speech of C. W. Morrow, M.L.A., in the Provincial Legislature on Wednesday.

## Line Up Big Guns Of Conservatives For Yale Battle

Indications that Yale riding will be a real political battleground come by-election time (early summer?) increased this week with the well-grounded rumor that Progressive-Conservative strong men will stump alongside Liberal cabinet ministers.

Among M.P.s expected from the P.-C. camp are party leader John Bracken; Howard C. Green, Vancouver; John G. Diefenbaker, Prince Albert, Sask.; E. David Fulton, Kamloops, and Gordon Graydon, Peel, Ont.

The Liberals previously announced Hon. J. L. Ilsley and Tom Reid, M.P., would attend their nominating convention on March 28 in Penitence. It also was intimated the Hon. C. D. Howe would campaign here prior to the election.

The local Liberals plan to get up steam in an organizational meeting at an early date, said H. K. Bealston, president of the group.

## Citizens Give Readily To Red Cross; Need More Canvassers

Citizens of Vernon and district are responding well to the Red Cross Society's appeal for \$8,000 from this area. However, the campaign to reach the people of the city and district is hampered by the lack of voluntary canvassers.

While all those who have been canvassed have contributed readily, the total so far is just under \$1,000. At a late hour Wednesday, returns from the house-to-house canvass in Vernon totalled \$240. Organizations had contributed \$65, the business area \$175, the schools \$219, Coldstream \$212, and B.C. district \$57.

Three zones of the house-to-house canvass area are still without collection teams and three zones of the business area also require collectors.

The local campaign is short of its objective by \$7,000 in the second week of the drive. Red Cross officials here hope that volunteer canvassers will offer their services so that the campaign can be brought quickly to a successful conclusion.

## Lack of Letter Slots Holds Up Start of Mail Delivery

"It's entirely up to the people of Vernon," that is the only answer Ron Cathro, postal staff training officer from Vancouver, would give to the question: "How soon is mail delivery going to start in Vernon?"

He, along with Gordon Stewart, postal supervisor, and C. B. Lefroy, local postmaster, summed up the mail delivery predicament with the words, "Mail can't be delivered to people who haven't receptacles or letter slots out in their doors."

"We're just as anxious to get this mail service started as the people of Vernon should be," said Mr. Cathro. By Wednesday, only 50 per cent of the local residents had equipped their front doors with receptacles or letter slots, although delivery was originally scheduled to get under way Monday, he said.

"They don't need a fancy plate or anything," explained Mr. Stewart, "just so long as they have made a slot in the door. The job can be done, he said, in a matter of a few minutes. 'You take a brace and bit, bore two holes as far apart as the size of an envelope, and finish up with a saw.'"

Officials have given up all hope of conducting inauguration ceremonies Monday, but they indicated delivery could begin March 22 provided Vernontians are "100 per cent" prepared for it by that time.

Meanwhile seven men postmen are surveying the slot situation by paying house to house calls along their respective routes. The seven men were chosen from among 100 local applicants.

Speaking in reply to the Speech from the Throne, Mr. Morrow also urged a "back to the land" policy in irrigation, in co-operation with the Federal P.F.R.A.; assistance with the road to Silver Star; payment of police magistrates' salaries by the province; completion of the Kamloops highway; pensions of \$50 without the means test; larger budget for the Game Department, and action on the medical school at U.B.C.

Mr. Morrow looks forward to a very busy time at the present session. He is temporary party whip during the illness of James L. Webster, M.L.A. for Rossland-Trail. Also, the North Okanagan member will be chairman of the Standing Orders and Private Bills committees and will act on committees of Public Accounts, Agriculture and Municipal Affairs.

Following are details on the topics outlined above in Mr. Morrow's speech to the House.

"This Government has its ear to the ground and has walked with the people—it gives hope and encouragement to the mass, rather than the class. Our people will have every reason to be thankful they are governed by men who believe in free enterprise and that the state is made for people rather than the people for the state."

**Hospital Aid**  
"I would like to believe that assistance to hospitals had first priority. The area in and around Vernon comprises 30,000 people dependent on a hospital constructed 40 years ago to look after a population of less than one-third what it is today. The building has been condemned by the fire chief. De-School, Hospital (Continued on Page 16)

## Vernon Firemen Win First Prize In B.C. Contest

Awarded Certificate of Merit For Activities in 1947 Fire Prevention Week

The Vernon Fire Department has been awarded a certificate of merit for placing first in a B.C. contest covering educational activities conducted during Fire Prevention Week October 5-11, 1947. The certificate, awarded by the National Fire Protection Association, was received by Fire Chief Fred B. Little this week.

Vernon is in Class "D" of the competition, which includes cities of between 5,000 and 10,000 population. The contest also took into consideration fire prevention activities undertaken throughout the year.

The educational campaign locally was made through lectures and films at the schools and information to the public.

## Investigate Delivery Of Mail to Nakusp Over Monashee Route

The feasibility of a direct mail service between Vernon and Nakusp over the Monashee route is being investigated by the Post Office Department.

T. M. Gibson, regional manager for the B.C. Power Commission, reported this week that he had received word to this effect from the department at Vancouver. At present, mail from this city to the Arrow Lake centre is routed north to Revelstoke and then south, involving serious delays.

## Mounting Costs Force Up City Taxes 10 Per Cent

Rate Boosted 2.5 Mills to 58.5; Improvements Taxed On 60 Percent

Faced with mounting costs of every service, the City Council on Monday night glumly struck the 1948 tax rate at 58.5 mills, an increase of 2.5 mills over the 1947 figure and an advance in three years of 14.5 mills. To balance the budget, the proportion of improvements which are now taxable was also boosted from 50 to 60 per cent.

To the average taxpayer these figures mean that his bill from the city will be approximately 10 per cent higher than a year ago. The exact amount will vary considerably, but that is the average increase, so City Clerk J. W. Wright told the meeting.

The five men present at the session were not happy about the means used to achieve a balanced budget for this year. Most of them said so, in no uncertain terms. Presiding was Alderman David Howie in the absence through illness of Mayor T. R. B. Adams.

"I'm not particularly happy about the mill rate," Alderman D. Harris declared. "But I can't see any way out of it."

"None of us is particularly happy," Acting Mayor Howie rejoined. "We are getting altogether too close to what the average taxpayer can really afford to pay. I feel we are treading on dangerous ground," Alderman Fred Harwood said.

The Council's budget troubles may not be entirely over. In fixing the mill rate, the Council struck the figure for school purposes at 17.64 mills, which in dollars is \$5,000 less than the School District asked for.

The rate of 58.5 mills is made up of general 32.82 mills estimated to raise \$140,887; sinking fund 8.04 mills or \$34,513, and schools 17.64 mills or \$75,722. The Council is estimating that 95 per cent of the levy will be paid for a total revenue from taxation on land and improvements of \$238,567. Arrears of taxes to be paid are placed at \$4,161. The 26 veterans' homes at \$60 each will bring \$1,560; the Curling Club \$100.

Two new sources of revenue appear for the first time in such large amounts. The B. C. Power Commission, which pays a fixed percentage of its revenue in lieu of other taxation, will contribute \$6,000 and the Okanagan Telephone Company \$1,614.

The largest individual source of revenue outside of taxation is from various licenses. Bicycle licenses will amount to \$800, trades licenses to \$14,500; dog tax \$1,250, and road taxes \$1,750. At the beginning of the fiscal year the city had \$32,485 in cash on hand. Permits and fees, including building, cemetery, sewer, etc., are placed at \$4,150. The government grant from motor vehicles is \$10,300 and police court fines and costs at \$7,500.

The city's only public utility, water, is expected to bring in \$52,500 from the general public and a further \$2,200 from departmental charges.

## How the Council Plans to Spend the Money

The eight civic departments will spend \$235,157 this year, apart from bylaw money, as follows: Board of works \$41,614; health \$34,285; parks and cemetery \$9,423; waterworks \$39,739; fire \$21,601; electric light \$5,000, school board \$81,733, airport maintenance \$700. Donations budgeted for total \$5,275, including Junior Chamber of Commerce \$250, Board of Trade \$1,200, Library \$800, Salvation Army \$150, Scout Hall and Lawn Bowling \$700, Red Cross \$100, City Band \$1,000, Town Planning Commission \$250, Vernon Film Council \$250, Cancer Fund \$100.

Other items of expenditure listed are: administration salaries \$18,400; interest on debentures, less school, \$25,578; sinking fund, less school, \$34,513; hospitalization charges \$6,000; public aid \$2,100; social assistance \$9,000; six police constables at \$2,358 per man; Council indemnities \$3,450; legal \$2,900; Health Unit, 7,500 persons at 30 cents, less office rental, \$1,650.

Council indemnities at \$3,450 break down to \$450 each for five aldermen and \$1,200 for the mayor, the latter being an increase from the previous \$750 honorarium.

## Cost of Dying Also Rising; Cemetery Lots Cost More

The cost of living has shown marked advances recently and now, in Vernon, the cost of dying is also going up.

## Shriners' Annual Ceremonial to be Held Here May 22

For the first time in this city's history, the annual ceremonial of the Shrine Temple of the Ancient Arabic Order of Nobles of the Mystic Shrine will be held here on May 22. Approximately 350 Shriners and their wives will attend.

On Saturday, officials from Vancouver will be in Vernon to prepare plans for the affair. They are illustrious Potentate Dr. Lachlan Macmillan, High Priest and Prophet Gordon Shaffer and Assistant Director Bert Cottrell.

There will be lots of color and fanfare in the city during the Shriners' convention. They will have their own band and uniformed patrols for parades. Ceremonies will take place in the Vernon Civic Arena on Saturday and a church parade will be held on the Sunday.

Delegates from all parts of the province will arrive here by two special trains. They will sleep in the coaches.

## Communism Fails in Russia

—Says Former Party Member

"I saw the complete failure of communism," said John Hladun, Toronto writer and lecturer, who spoke to more than 200 members of the Women's Canadian Club in the Burns Hall Thursday afternoon of last week.

He told them of his former membership in the Communist Party of Canada; of his trip to Moscow to become further schooled in communist tactics, and of his subsequent disillusionment with what he found there.

The Communist Party in Russia "simply had to discard Marx's and Lenin's theories one by one," he said. Consequently, "they have buckled down to imperialism."

Mr. Hladun charged the communists in Canada with "working under the cloak of communism," though in reality, he added, the word "communism" is "communist flag."

"The workers of Russia are exploited far worse than the workers in Canada under capitalism," he declared.

"In exposing this, I want to get the people of Canada to understand that the Russian system, if it were employed here, would take Canadians back hundreds of years. We have a system which must be adjusted," he admitted, but at the same time emphasized the Russian system "choke nothing for the people of Canada."

He told how as a young man his imagination had been Communism (Continued on Page 10, Col. 3)

## Vernon Skaters In Kamloops Ice Show

Repeating their success at the Vernon Lions Club Ice Frolie, the artists of the Vernon Figure Skating Club travelled to Kamloops on Friday to take a major part in the

presentation of the "Kamicecade," the Hub City's annual ice show on March 5 and 6. Along with skaters from the Vancouver Skating Club and the Connaught Skating Club, the Vernon performers brought a star studded program to packed houses on both nights.

Highlighting the program were solos by versatile Marshall Garrett and Miss Alveen Dull, and pairs acts by Eddie Selg and Joe De-Moor, Mary Alma Lake and Lorraine DeMoor and Alice Wolk and Audrey Dixon. The Bergman Trio, with Victoria, Paul and Victor, won high praise from the Kamloops audience as did an attractive number, "Salottettes" by Pat McTaggart, Barbara Williamson, Claudette Cowan and Mary Jo Hopping.

As a finale to the successful Kamloops carnival, the members of the Vernon Club presented the colorful "Wedding of the Painted Doll," directed by Miss Alveen Dull, featuring solos by Emily Caswell, Alice Wolk, Victoria Bergman and Alveen Dull.

The nearest star that can be seen without a telescope in this latitude is Sirius, the Dog Star.

## Three Ring Circus on Ice To Feed British Athletes

In an effort to raise funds for food parcels to send to British athletes entered in the summer Olympics, a three-ring ice show has been planned for the Vernon arena on Friday, March 19.

Highlighting the entertainment events is the re-appearance of the oldtime hockey players of Vernon and Lumby. If present plans can be carried through, a team of ex-N.H.L. and pro stars from the Coast, headed by Fred "Cyclone" Taylor, will tackle the locally famed stars.

Appearing for the home team will be such well-remembered aces as Louie Norris, Abbie Edwards, Bill Langstaff, Nick Carew, Hazel Nolan, Bill Gray, Slick and John Langstaff, Johnny Genier, Joe Martin, Charlie Norris and possibly George Sparrow, "Nibble" Broom and others not now residing here.

At press time, no definite reply had been received from "Cyclone" Taylor regarding the Coast team, but it is known that such hockey greats as "Busher" Jackson, Paul Thompson, Frank Fredrickson, Tip O'Neill, Luide Palm, Lulu Lennon, Amby Moran, Percy Jackson and many others are at the Coast and available.

On Wednesday, at New Westminster, these and other stars participated in a show for the same fund.

In addition to the oldtimers' hockey contest, a boxa game on skates has been lined up. The Interior lacrosse champs, the Vernon Tigers, will take to the ice surface with skates instead of running shoes and do battle with the Salmon Arm boys. This is something new in the entertainment field for the local fans and it is said to be one of the most humorous and rollicking contests ever concocted.

Then, with an eye for beauty as well as sport, the committee has arranged a hockey game between two girls' teams. The victims for this part of the show are local High School lassies and a team of Kamloops' femmes. In more ways than one, this should be well worth seeing.

Already a great deal of interest has been aroused in the oldtimers' game, the boxa battle and the girls' game. If the ex-pro stars come in from Vancouver the resulting contest should be one of the sports features of the city's history.

All admissions will go to the fund for British Olympic athletes and the fans, as well as enjoying an unusual show of entertainment, can do their bit for the Old Country sportsmen.

## 28-2 "Sudden Death" Fate of Kamloops Aces

Billed as a sudden-death match between the Kamloops Aces and the Vernon Senior B's, a so-called hockey game at the arena on Monday night proved to be far from sudden, but it had plenty of death for the Aces' chances. Between yawns, the official scorer set the final count at 28-2.

There was only one point of interest in the game (?) for the fans—other than the thoughtful feminine spectator who provided herself with an armful of comic sections. Al LaFace gave a comedy aspect to the fiasco in the third period.

So bored by the inactivity around the Vernon net—the Aces had 15 shots during the game—Al thought he'd try a couple of rushes up the ice. Twice he got as far as the blue line. Then he thought he should play defence, so Eddie Witt took the goal stick and stepped into the breach.

Eddie had one shot to take care of, missed it, and Al returned to his usual station. Kamloops scored one more on Al and that was all.

Otherwise, the goal judges over the Vernon net had nothing to do but roll cigarettes, light matches and twiddle their thumbs.

To spare the reader the horror of a summary, the points for the Vernon players will be listed: Johnny Loudon, 5 goals and 9 assists; Mike Zemla, 7 and 2; Lloyd Smith, 5 and 2; Stan Berry, 4 and 1; Bob Irvine, 3 and 2; Bill Nelson, 1 and 5; Eddie Witt, 2 and 2; Frank Kuly, 0 and 3; Herbie Fisher, 0 and 3; and Bill Simms, 1 and 1.

Tomorrow, Friday night, the locals will have to get back in the groove against a high-powered team from the Kootenays. It is highly improbable that the fans will need to take along funny papers with which to keep themselves amused.

## Westwold Fire Fighters Save Ranch Buildings

WESTWOLD, March 9. — Many men from Westwold answered a call to help put out a fire which had started early last Thursday evening on the ranch of H. E. Talbot, four miles away. The men's sleeping quarters were burned down and Aaron Bailey and Dave Price lost their personal belongings. Fortunately the men were able to prevent any of the other structures from catching fire, one of which was only a foot away from the burning building.

There was a dance in the Community Hall on Saturday night put on by the entertainment committee. It was well attended and everybody had a good time dancing to the music of Green's orchestra, from Vernon.

Boys have been playing basketball and badminton in the hall for the past two weeks and volleyball was started on Monday night.

Mr. and Mrs. George Lewis' sister, Mrs. Burke, of Vancouver, is a visitor in Westwold.

There is a crew of men at work slashing brush on the right-of-way where the power line is to be put in. Mr. Phinlayson, of Lumby, is in charge and most of the men are from Westwold. Work was started at Rocky Point at the east end of Westwold and half the crew is working towards Falkland and half towards Westwold.

## Trail Takes One Goal Margin in Kootenay Finals

Trail All Stars came one goal nearer the Coy Cup semi-finals with Vernon starting here on Friday when they defeated the Kimberley club 6-5 in the first of a two-game, total-goal series. The game was played on Tuesday night, with the final fling played last night, Wednesday. Results were not available at the time of going to press.

Top man for the winners was Sarge Sammartino, well known to the local arena faithful. Sarge collected three goals and an assist. He potted the game-winning tally.

## Vernon Golfers Elect M. Foster To Presidency

Local followers of the fairways already have taken the first step into the 1948 golf season. In two meetings this week, officers have been elected and plans made for ground improvements. Opening of the year's play has been set for April 1. Monty Foster is president of the Vernon Golf Club and Jack Kent is the vice-president. Jack Inglis was named to the post of secretary-treasurer.

Committee chairmen have been named as follows: Jack Kent, match and handicap; Jimmy Douglas, greens; Hazel Nolan, finance; Charles Pullford, house committee; Clem Watson, membership. Mr. Kent is also team captain.

Also on the executive are two members of the women's club, Miss Pat Wardle and Mrs. Fred Dean. At a general meeting on Wednesday evening of last week, retiring president Jimmy Douglas gave his report, noting the improvements to the course, the clubhouse and the increase in membership. The objective for membership this year is 125. Over the season the club did fairly well financially.

Club License

The executive officers were elected at a meeting on Sunday. Discussion took place as to the securing of a caretaker-caterer for the club. A petition is being circulated in the district seeking support of the club's intention to secure a liquor license for the premises.

Mr. Douglas has plans for the development of the course and a good year is expected. All golfers, old or young, are requested to dust off their irons and head for the greens on the first of April.

A Mohammedan geographer listed the Chupian Sea as one of the seven seas into which the oceans were traditionally divided.

## Rotary Juniors Defeated By Trail in Two Straight

There was one rather obvious fact to come out of the play for the Mowat Cup, emblematic of the B.C. Junior hockey championship. If the local Rotary team had been able to obtain more competition during the season with teams of equal strength, Vernon would have the B.C. Juniors champs in their midst.

Once again Vernon's nemesis came out of the Smelter City in the Kootenays. The Trail kids took the series in two straight games. In the opener on Saturday, they cut down a two-goal Vernon lead and emerged with a 5-2 verdict. In the second game at Kamloops on Monday night, they edged the Rotary wheelers by a single goal, 4-3.

### Did Their Best

For years past, Vernon has gone into the finals only to meet defeat from Trail. This season could have been the exception, but it was no fault of the Rotary Juniors, coached by Fred Smith. With the competition they are able to get throughout the year the Vernontites did the best they could. And they gave Trail Junior Smokers a good run for their hockey honor.

Playing at Kamloops on Monday, Trail kept a one-goal advantage all the way. Ian Boyne showed the locals how to score when he converted a pass from Ab Mills, but Ken Robertson and Kelly Campbell collaborated on the equalizer. Then Campbell whipped another shot past Mike Kereluk and Trail were away.

Both clubs counted in the second period—the local's Len Wolgram from Morrison, and Trail's Campbell again blinking the light.

In the third, the Rotary boys tried valiantly but vainly. George Kereluk had the equalizer but Forbes, of Trail, ruined the draw and the season was over for the local juniors.

### Behind Eight-Ball

The local juniors put themselves behind the eight-ball at the Vernon ice gardens on Saturday night when they blew a two-goal lead to lose the first game of the finals.

The Vernon squad was holding a handy 2-0 lead halfway through the second period when the Kootenay boys suddenly exploded with five straight goals to take the encounter 5-2. Until this outburst, the local aggregation had more than their share of the play and it looked as though they might take the game from the highly touted Trail squad.

During the scoreless first period, both Mike Kereluk in the nets and Don Anderson, Trail twine tender, stood out with spectacular saves.

### Championship Style

Vernon appeared a championship team at the first of the sandwich session as they bore through the Trail defence for both their well-deserved goals. Their second tally was a picture goal as Mike Kramer laid a perfect pass on Dick McCluskey's stick just outside the goal crease.

Red Ryan made a costly error in judgment when he tripped Steve Gripshuck as he roared on in goal. Ryan coiled his heels in the sinbin while Gripshuck put Trail on the scoreboard. From that point on, the game was all Trail's, as they out-skated, out-checked and out-played the fast firing Vernon team.

The play got rough in the last period as the Vernon defence tried vainly to stop the Trail rushes. These four-man attacks paid off in three goals and, if it hadn't been for Mike Kramer's stirring performance at defence, the score might have been doubled.

### SUMMARY

First period—Scoring—none. Penalties—Boyne, Robertson and Carlson.

Second period—1. Vernon, Kereluk (Mills); 2. Vernon, McCluskey (Kramer); 3. Trail, Gryschuk (De Primo); 4. Trail, Carlson (Fritz). Penalties—Robertson, Mauley and Ryan.

Third period—5. Trail, Gryschuk (Malley); 6. Trail, Robertson; 7. Trail, Davis (Campbell). Penalties—Campbell and Morrison.

## Paul Thompson's Cubs in Coy Cup Finals At Coast

The New Westminster Cubs will be one of the Coy Cup finalists when the series for the provincial championship gets under way at the Coast on March 20. Coached by the famous Paul Thompson, the Cubs disposed of the Prince George squad in two straight games in the

northern semi-finals. In the first game on Saturday night, the Royal City boys took a 10-4 verdict and ended the series on Monday with a 12-6 decision. The Cubs now rest on their laurels until the best of five in the New Westminster, Nanaimo and Vancouver arenas. The games are March 20, 22, 24, 26 and 28. POKER is really a Persian game with adaptations from the English and Italian games.

### Social Evening Enjoyed At Trinity Valley School

TRINITY VALLEY, March 8 — About 25 local residents enjoyed cards and dancing at the old schoolhouse on Saturday night. Refreshments were served at midnight.

Mrs. U. LePage, of Vernon, spent three days last week at the home of J. F. LePage.

E. Carson left the Valley on Tuesday.

Mr. and Mrs. J. P. LePage are receiving congratulations on the birth of a daughter, Margaret Anne, in the Vernon Jubilee Hospital a week ago.

When wheat fields are deeply covered with snow during the winter months a good crop may be expected the following summer.

The whole town knows that

## Rotary Juniors Beat Salmon Arm In B.C. Semis

In what turned out to be a sudden-death game of the B.C. Junior semi-finals, the Vernon Rotary team whipped a Salmon Arm aggregation 11-4 in the arena on Friday night. The team thus entered the finals against Trail "Young Smokies" on Saturday night.

The series was set as a two-game, total-goal affair, but a B.C.A.H.A. registration card mix-up quereered the plans. The first game was played on Monday of last week and Vernon won, but the cards for the Vernon team were not returned and the game had to be thrown out.

The second game suffered the same fate, but the arrival of the cards on Friday set things a-right. The cards were late going to the B.C.A.H.A. secretary and there was one player whose card was in question but later was proved to be all right.

Jumping on the scoring train in the first period, the local boys rapped in four fast goals before Salmon Arm tallied once. Three more Rotary goals, followed by another one from the visitors, and the score read 7-2. The locals increased this to 10-3 and applied a finishing touch to make it 11-4.

The first period actually won the game for Vernon as the play was very close in the final two periods. Salmon Arm tried hard to stay in the fight, but Vernon's initial advantage was just too big. The Rotary crew had 29 shots to 21 for the Arm boys.

Dick McCluskey and George Kerelluk each had three goals for a hat trick while Len Wolgram had two goals and three relays and Ab Mills had the same number of passes to his credit.

Dunc Jamieson figured in all of the Salmon Arm goals, which were scored by B. Nelson, J. Evans and Harold Cummings.

The remainder of the Vernon points went to Ian Boyne, with two goals and an assist; "Red" Ryan, a goal; Ray Morrison, two assists; and Jimmy Johnson, one relay.

### TEAMS

Rotary—M. Kerelluk, M. Kramer, J. Johnson, D. McCluskey, A. Mills, R. Morrison, I. Boyne, W. Ryan, G. Kerelluk, C. Bagnall and L. Wolgram.

Salmon Arm—B. Coles, H. Cummings, D. Howard, B. Nelson, J. Evans, D. Jamieson, D. Weiss, H. Turner, M. Horsley, J. Pollock, S. Marks, A. Worts and M. Wilson.

## Salmon Arm Defeats Local Shuttle Team

Playing a return match with the Salmon Arm Badminton Club on the Vernon Armory courts on Monday night, the local shuttle team again came off second best, winning 10 games to their mainline opponent's 14. In the women's and men's doubles the Vernon team more than held their own, but in the mixed doubles play they were outclassed.

Those playing on the team representing the Vernon Club were Miss Trehearne, Miss Frances Simms, Miss Margaret McLeod, Miss Barbara Godfrey, Stan Bettchen, Mike Dunkley, Bill Holmes and Bill Hamilton.

The Salmon Arm team, which defeated the locals 8-4 on their previous meeting, was made up of Mr. and Mrs. Cliff Hunter, Miss H. Miller, Miss E. Nordlund, Miss M. McEwan, F. Gorse, George Blanc and K. Tanemura.

## School Curlers Reach Finals in Challenge Play

There will be plenty of excitement around the Vernon Curling and Athletic Club the coming two or three Saturday mornings as the High School boys' rinks tangle in the semi-finals and finals of the Grande Challenge and Howrie Cup competitions.

In the Grande Challenge play, Carl Adams' rink of Tatsui Tsuji, Trevor Davis and Harold Thorlakson will meet Ruben Fendrick's four, including Marvin Krantz, David Lindsay and Bill Phillips, for the championship. If it can be worked into the draw, this game will be played on Saturday.

Ruben Fendrick's quartet defeated the rink skipped by Reg Squire, 6-5, on Saturday to advance to the quarter-finals on the winner's side of the Howrie Cup competition. On the loser's side of the draw, Ian Boyne's rink won the right to meet Vic Laban's four in the semi-finals when they trimmed the rink skipped by Carl Adams, 12-7, on Saturday morning.

As these two competitions are being finished up, play for the Pearson Trophy will be started. This unique trophy was made by W. L. Pearson out of wood from the S.S. Okanagan.

## Commandoes Favored To Take Shield for City Cribbage Play

Consistently turning in high scores in the city cribbage league play, the Commandoes are strongly favored to take the winner's shield. There are five games left to play before the close of the tourney.

The Commandoes and the Men's Club, during the week's games, reduced the leading margin of the Fremmen. The remainder of the standings stay unchanged.

Following are the scores and standings for play ending Friday:

Fremmen	69,473
Commandoes	69,311
Men's Club	69,255
Scottish Daughters	69,087
Legion	68,955
Rebecas	68,598
Independents	68,583
New Vets	68,367
W.A.	68,128
W.O.W.	68,079
I.O.O.F.	67,877
Pythian Sisters	67,410

### Destroy Witch Brooms

The tangle of sticks known as "witch brooms," occasionally observed among the branches of evergreen trees, is caused by a fungus. Spruce and pine are the species usually attacked. It is a good practice when in the woods to destroy, if possible, these growths to prevent neighboring trees from becoming infected, as more than one death finally comes to the trees that harbor them.

## Lions Again Win Valley-Mainline Juvenile Trophy

For the second year in succession, the Lions Juveniles are the winners of the Okanagan-Mainline Juvenile championship. In a sudden-death game with the Kamloops boys on Friday night, the Lions leaped to a 15-2 decision and the right to enter the provincial playoffs for the Monarch Life trophy.

In the B.C. semi-finals a year ago, the Lions lost out to the Nelson team by two goals. This season they intend to wipe out that defeat and go on to capture the Monarch Life Cup. If they do this, it will be the first time the cup has been won by Vernon since 1940-41. The Lions definitely outclassed their opponents from the mainline. With their showing, the kids become a real threat to the Kootenays and they sharpened up their shooting eyes to the tune of 15 goals. They led 3-0 at the end of the first, increased that to 7 in the middle, and then poured on the blast for an eight-goal spurge at the third.

The Lions outshot the Kamloops boys 52 to 12.

The top pointgetters were Stan Mills, Boy Wyatt and Herald Wolgram, each with four. Mills and Wolgram had three goals and one assist, while Wyatt had two of each.

The trophy for the Okanagan-Mainline honors was presented to Captain Gordy Henschke by Leon Irvine, president of the Vernon Lions Club. The trophy was put up last year by the club which sponsors the team.

### SUMMARY

First Period—1, Lions, Mills (Henschke); 2, Lions, Whitecotton; 3, Lions, Wolgram. No penalties.

Second Period—4, Lions, Fisher; 5, Lions, Mills (Sparrow); 6, Lions, Wyatt (Kitt); 7, Lions, Fisher (Wolgram); 8, Kamloops, Lee. No penalties.

Third Period—9, Lions, Phillips (Wyatt); 10, Kamloops, Sakolski; 11, Lions, Henschke (Mills); 12, Lions, Sparrow; 13, Lions, Wolgram; 14, Lions, Fisher (Wyatt); 15, Lions, Wolgram (Phillips); 16, Lions, Mills (Henschke); 17, Lions, Wyatt (Hood).

### THE TEAMS

Lions—E. Freund, E. Sparrow, H. Wolgram, F. Whitecotton, G. Henschke, H. Kitt, S. Mills, B. Hood, M. Phillips, B. Wyatt, D. Buick, W. Fisher, K. Rooke and G. Squire. Kamloops—F. Pippolo, N. Paget, N. Brkich, S. Kato, D. Lee, K. MacDonald, D. Zahn, B. Sakolski, E. Garay, K. Ide, F. Blair, G. Barker and D. Gagne.

Many women are subject to weak, aching back. Often the kidneys are to blame, for your kidneys, along with the liver, must filter out impurities from the bloodstream. So if you feel tired, worn-out, head-achy—with the nagging pain of an aching back—look to both your kidneys and liver. That's why Canadians have been relying on Dr. Chase's Kidney-Liver Pills for over half a century.

Give your system a chance to work properly. Try Dr. Chase's Kidney-Liver Pills today. The name "Dr. Chase" is your assurance.

## PARTS and SERVICE

To the average layman, the modern garage and service station seems to be a magical but gas, oils, greases, parts and some tools. Closer inspection, revealing the intricacies would confound a Marco Polo. Apart from the high grade, and variety of oils and greases, tires, tubes and batteries that you find essential, there are thousands of parts in stock, representing an enormous outlay of capital; that are required to service all makes of cars from the very oldest to the latest models.

The tools, each one costly, are not merely an assorted collection, but range from heavy lathes, hydraulic lifts, tire sprayers, spark plug testers, cylinder grinders or honing machines, piston and cam grinders, grease guns, valve facing and valve reseating tools, down to the tiny, little ignition wrench and other items required to recondition the various assemblies of your vehicle with the precision and careful attention so vital to important to your car. It is by means of these tools and parts that your garage and service station operator can give you the service that will give you the most from your car.

## Reduced Rail Fares For Easter Holiday

Reduced rail fares for Easter holiday travel between all stations in Canada are announced by R. H. Powers, vice-chairman, Canadian Passenger Association, Winnipeg.

Return tickets, both first class and coach class, will be sold at the normal one-way fare plus one-third. Tickets will be honored going from Thursday, March 25, until 2 p.m. on Monday, March 29. On the return trip tickets will be accepted until midnight of Tuesday, March 30.

Special tickets for teachers and students will be sold at the normal one-way fare plus one-fourth and will be good going from Friday, March 12, up to and including Monday, March 29. Tickets for teachers and students will be honored on the return trip until midnight of Tuesday, April 13.

## Bridge Drive Sponsored By Enderby Girl Guides

ENDERBY, March 8.—Thirteen tables were in play on February 23 at a bridge drive sponsored by the local Girl Guide Association in the Legion Hall. This is the first money-making event sponsored by the local group and it proved most successful. Mrs. D. Jones was convener of the bridge, assisted by Mrs. T. Kneale, Mrs. M. Twa, Miss E. Scott, Mrs. C. F. Bigge, Mrs. E. N. Pele and Mrs. I. Solly.

Approximately \$25 was netted from the undertaking. Captain Bigge, leader of the local Guide group, assisted by Mrs. Kneale and several of the Guides, sold attractively decorated baskets of home-made candy.

The members of Ashton Creek Chapter, I.O.G.E., recently held their election meeting at the home of Mrs. Case. The following officers were elected: Regent, Mrs. George Rands, Jr.; first vice-regent, Mrs. A. Blackburn; second vice-regent, Mrs. Nore; secretary, Mrs. L. Bawtree; assistant secretary, Mrs. W. Cromer; treasurer, Mrs. A. Bogart; educational secretary, Mrs. Harold Bawtree; Echoes secretary, Mrs. Stamborg; standard bearer, Mrs. Lundquist; councillors, Mrs. S. Weir and Miss Marion Cook.

George Sutherland was in Enderby recently visiting his brother and sister-in-law, Mr. and Mrs. Jim Sutherland. Mr. Sutherland accompanied delegates to the recent I.O.G.E. meeting which was held in Enderby when the local lodge was visited by Grand Master Oscar Matson, of Penticton, and Past Grand Master Mr. McCabe, of Victoria.

Mr. Weatherbee left recently to join the B.C. Police force. He is now stationed in the Kootenays. Mrs. Weatherbee and her two children have remained in Enderby.

Mrs. W. J. Woods left recently for Vancouver where she will spend several weeks visiting her daughter, Miss K. Woods.

Mrs. Jack Gardner has received word that her daughter, Mrs. W. H. B. Linnell, had received the appointment as Girl Guide Commissioner of the Mara division. Miss Linnell has resigned as president of the Kamloops Girl Guide Association but will continue as Brown Owl of the combined First and Second Kamloops Brownies Packs.

The Enderby Dry Cleaners have moved their business from the west side of the jewellery store building to what was formerly the Charles Dugdale house on Granville Street. D. Parkin has taken over this half of the building.

Enderby friends of Mrs. J. Pow were sorry to hear that she was recently admitted to the Enderby General Hospital.

R. Billings reports that approximately \$1,000 increase over last month has been collected by him to add to the financial balance of the hospital board. The board has on hand approximately \$4,000 after having paid \$2,400 for a car which will be used to boost the campaign for the Memorial Hospital Fund. George McLeod and Mrs. H. L. Lantz are busily engaged making plans to swell the Memorial Hospital Fund. Mr. McLeod is convener of the car campaign and Mrs. Lantz is secretary.

Mrs. T. Sparrow enjoyed a visit this past week from her brother and sister-in-law, Mr. and Mrs. George Beattie, of Moosomin, Saskatchewan.

**Hockey Promise**  
Enderby's junior hockey teams have been showing great promise this past winter. Some excellent playing has been displayed by the young players and their coach, Cyril Woodley has done a good job in training them.

The Juvenile team also shows promise with a good record to their credit. Out of the three games which they played against the Salmon Arm team they won two. They lost the third game against the Vernon Juveniles, but won one against the Vernon Midgets and tied another.

Recently the local juvenile and midget teams motored to Revelstoke where both local teams won their games. So far this season the local Pee-Wees have only lost one game.

Those playing for the Pee-Wee team are "Weener" Graham, goal; defence, Ross MacKinnay and Alex Roberts; Jim Eddie, Jim Faulkner and Nick Sorohinski, forwards.

The second line-up includes: Bob Wilson and Gerald Shelte, defence; Jim Eddie, Jim Green and Norman Blackburn, forwards.

Mr. and Mrs. Ernie Skrymne of Grindrod, recently visited in Enderby at the home of Mrs. Skrymne's aunt, Mrs. A. Reeves. Mr. and Mrs. Skrymne and their young daughter Gail have just returned from a month's vacation in California. They were accompanied on the trip by Mr. Skrymne's father.

Miss Eva Whetnall has been visiting relatives in Kelowna for a few days.

Mr. and Mrs. Harry Danforth has received word that their son, Munroe, is a patient in the Tacoma hospital, suffering from pneumonia.

Ed. Coulter, who has been visiting relatives at Kihlgton, Ont., for several weeks, arrived in Enderby on February 28.

Mrs. Joe Kass and Mrs. Howard Logan report that they completed the purchase and packing of the I.O.G.E. Overseas Parcel.

Mr. and Mrs. Norman Danforth are receiving congratulations this week on the birth of their son on Friday, February 27, in the Enderby General Hospital.

Mr. and Mrs. Orme accompanied the Enderby Girls' High School Basketball team to Kelowna.

Miss Helen Farmer spent last weekend with her parents, Mr. and Mrs. Percy Farmer.

Bob Blumenauer, of Salmon Arm, spent last weekend with his parents, Mr. and Mrs. J. R. Blumenauer.

According to report from R.

## Scout Leaders Meet in Rutland

RUTLAND, March 8.—The 17th Okanagan Patrol Leaders' conference closed on Sunday with a church parade to St. Aidan's Anglican Church, where Rev. F. D. Wyatt, of Kelowna, conducted a special morning service.

The outstanding feature of the Saturday session was an address by Troop Leader Tom Davis, of the First Vernon Troop, on his trip to France with the Canadian Scouts for the International Jamboree in August, 1947. His talk proved highly interesting to the 70 delegates, representing 17 troops from Osoyoos to Vernon.

Next year's conference will be held at Osoyoos, later in the season, and will take the form of a two-day training camp.

Presiding over the conference was Patrol Leader Ken Monford, of Rutland, who did a good job as a last minute substitute for Troop Leader Hugh Fitzpatrick, who was ill.

The program for Saturday included the official opening and welcome to the delegates by E. E. Rose, president of the Rutland Board of Trade, who spoke of his own days as a patrol leader in the Rutland Troop. The "Open Forum" featured discussion on many subjects, and Patrol Leader Jack Cook, of the 3rd Vernon Troop, gave an interesting talk on "Bird Life of the Okanagan." Visiting Scouters gave demonstrations of popular games and relays, after which the conference adjourned to the Kelowna Empire Theatre as the guests of manager Will Harper.

**Banquet Campfire**  
An enjoyable banquet followed at the Rutland Hall, served by the ladies of the First Rutland Group Committee. Speaking in response to a toast to the Scout movement, District Commissioner A. W. Gray referred to the rise of Scouting from the early days of the movement in Britain, and told of some incidents in the life of the founder, Lord Baden-Powell. He stressed the international aspect of Scouting, and the need for practicing the fourth Scout Law, "A Scout is a friend to all, and a brother to every other Scout." He expressed regret at the absence of E. C. "Bud" Weddell, of Kelowna, retiring Commissioner for the district, who has attended all of the previous conferences.

After the banquet an "indoor campfire" took place, with skits, plays and choruses, led by Scoutmaster George Yochim, of Kelowna. The day's events came to a fitting close with all delegates repeating the "Scout Promise."

**Fish Age From Scales**  
It is said that the age of scaled fish can be determined in the same manner as one learns the age of a tree, by rings each of which indicates a year of life, the rings appearing on each scale. There is, however, considerable argument regarding the infallibility of the method, which seems to apply to some fish and not to others.

Handicapped persons employed in factories are just as efficient as unhandicapped workers if placed in the proper job.

Large, at Mabel Lake, a good portion of the lake is now free from ice.

## Armstrong W.I. Plans Home Cooking Sale

ARMSTRONG, March 8.—April 17 was the date set for a sale of aprons, home cooking and candy and afternoon tea by the Women's Institute at their regular monthly meeting held in the City Hall February 25.

Mrs. Crozier reported on the social evening held in honor of Hoodless Day. Although the attendance was not as large as expected due to weather conditions, all present had a very enjoyable time. Thanks went to Miss R. Mills, Mrs. Crozier and Mrs. Bradley for convening.

A donation for European children was received and a donation was sent to the Crippled Children's Hospital in Vancouver and to the Solarium in Victoria. A donation was also voted for the local Film Board, which has recently been organized.

Mrs. Robert Fullerton, of Victoria, is visiting at the homes of her brothers, William, Ernest and Albert Norman, also her sister, Mrs. Latrae.

Mrs. R. A. Lindsay and Mrs. E. Patterson, of Medicine Hat, en route home from Vancouver, visited last week at the home of Mr. Lindsay's mother, Mrs. D. Lindsay.

On receiving word of the death of her sister, Mrs. E. Pickering, of New Westminster, Mrs. J. Gates left Sunday night for the Coast. Mrs. Pickering spent some time here last summer with Mrs. Gates and other relatives.

Mrs. H. Ahlers, of Salmon Arm, spent last weekend with her parents, Mr. and Mrs. Gus Schubert.

The home of the future may be wired with aluminum instead of copper for electric circuits; aluminum is satisfactory and more plentiful.

## Heywood's Corner Whist to Aid Red Cross

SALMON VALLEY, March 8.—A whist drive in aid of the Red Cross will be held at Heywood's Corner School on March 18. It is hoped that a large number will be able to attend.

Geoff Montfort, who has been on vacation here for the past month, left last week for Vancouver Island where he will be engaged in survey operations.

It seems that spring is finally coming to this part of the Valley after the recent cold spell. A robin was seen recently in the district.

In choosing a design for a hooked rug, shades of no more than three colors should be used and one color should be emphasized, according to design specialists.

DEPARTMENT OF LABOUR OF BRITISH COLUMBIA

# ACCIDENTS MEAN LOSS TO EVERYBODY

## Buy an Apple; Send a Scout to Camp

Vernon's 200 Boy Scouts and Wolf Cubes will hold their annual "Apple Day" in this city on Saturday. The Scouts have been recognized as a "Scout City" by the Dominion, "Apple Day" has been recognized as a day for the Scouts and Cubes to raise funds for their summer camp. The Vernon groups held their first one a year ago and, encouraged by its success, have decided to hold the event again this year.

All apples offered for sale on Saturday have been donated to the Boy Scouts by the Vernon and Coldstream packing houses. This generosity on the part of the local shippers has contributed greatly to the success of the day.

## City Crews Erect New Street Signs

Yesterday, Wednesday, along 32nd Street the city work crews were busy erecting sign posts carrying the new street numbers. The following list of old and new street names and numbers is published again to aid the citizens' familiarization with the transformation.

Since last publication, the list has been checked with the City Hall and only one alteration has been made. That is, Andrew Street has been changed from 26th "A" Street to 27th "A" Street. It may prove helpful to Vernon citizens to clip this list and keep it handy for easy reference. Anyone wishing additional copies will find them available at the office of The Vernon News.

AVENUES		STREETS

## Armstrong Woman Dies in Vancouver

ARMSTRONG, March 9.—At the home of her son, Paul Cowley, in North Vancouver on March 4 there passed away very suddenly, following a heart attack, Mrs. Sarah Maria Cowley, widow of the late Arthur W. Cowley, of Armstrong. Mrs. Cowley went to the Coast following the passing of her husband in Armstrong in November, 1947.

She was born in London, England, in 1884 at Chelsea, London, England, the former Miss Cole married Arthur Cowley and in 1905 they came to Saskatchewan. In 1921 they moved to Armstrong and have resided in this city and district ever since.

Surviving are one son, Paul, of North Vancouver, and one daughter, Mrs. Ruth Smith, of this city; also one sister, Mrs. J. W. Marsh, Bedford Park, London, England, 10 grandchildren and 12 great-grandchildren.

Funeral services were held in Vancouver, Wednesday, March 10.

## Liquor Licence Granted Oyama Legion Branch

OYAMA, March 10.—Word has been received from the Liquor Control Board in Victoria approving the issuance of a licence to the Oyama Branch of the Legion. It has been stipulated, however, that the purchase of a billiard table for the recreation room was necessary before the permit be issued. The executive committee are now endeavouring to procure a suitable table as soon as possible. A number of the members have guaranteed the loan of funds to enable this purchase to be made.

R. MacNichol, the public relations officer of the provincial command of the Canadian Legion, in Vancouver, will visit Oyama on March 17, and will give an address on Legion affairs. A welcome is extended to all residents of the Oyama, Winfield and Okanagan Centre districts. This will be an unparalleled opportunity for everyone to learn first hand about the work the Canadian Legion is doing throughout the country.

Rev. A. R. Lett spoke on the honor roll now being prepared. Anyone having information helpful in compiling this record should get in touch with the Rev. Lett as soon as possible.

The following new members have joined the branch since the last meeting: W. Forward, W. Cook, E. M. Gullacher, W. O. Williams, F. R. Wentworth, C. P. Shaw MacLaren.

The regular meeting of the St. Mary's Anglican Women's Auxiliary was held at the home of Mrs. V. E. Ellison, with President Mrs. L. R. Tomkins in the chair and 16 members present. The minutes, the treasurer's report and the roll call were read by Secretary Mrs. H. P. Walker. There was a considerable discussion on the financing of the finishing work of the Memorial Sunday School building.

Plans were made for the Tea and Hot Cross Bun Sale which will take place on March 25, in the Community Hall. All ladies of Oyama are cordially invited to attend.

Tea was served by Mrs. Ellison and Miss Jennings.

Mr. and Mrs. P. Knight, of Lacombe, Alberta, are visiting for a few days at the home of the former's brother-in-law and sister, Mr. and Mrs. R. J. Peters, Mr. and Mrs. Knight are enroute home after spending the winter months at the Coast.

Mrs. M. Purdy will be a patient in the Vernon Jubilee Hospital for several weeks and during this time Harold will stay with Mr. and Mrs. Remsburg.

Great Britain exported more than 8,000 motorcycles to the United States during the first eight months of 1947.

## Enderby K.P.s Sponsor Successful Amateur Hour

ENDERBY, Mar. 9.—Once again the local Knights of Pythias Lodge, under Chancellor Commander W. Cromer, of Ashton Creek, sponsored a successful amateur hour in the K. of P. Hall. These evenings of entertainment have become popular locally and have brought to light some very good hidden talent.

On Friday evening R. Hill acted as master of ceremonies and the hall was filled to capacity. The proceeds of the evening's entertainment will go toward funds for the Boys' Camps this summer.

First entertainers were eight contestants who had won honors at previous programs. These included a vocal solo by Ferroll Radloff, accompanied by June Bradford; Doreen Danard, piano solo; vocal solo by "Sonny" Olson, accompanied by J. Dugdale; the Wilson sisters, of Silver Creek, guitar and vocal duet; Pat Doran, violin solo; June Bradford, piano solo; Ina Nelson, piano solo.

Mr. Bolton sang "Never Looked Behind," accompanied by June Bradford. Winners of the first portion of the program were as follows: vocal, "Sonny" Olson; instrumental, Ina Nelson.

The second portion of the program continued as follows: Benny Carlson and Henry Huculack, saxophone duet; comic poem by members of the Lodge; R. Polson and R. Hill, duet, accompanied by J. Dugdale; Margo Jones and Darlene Radloff, duet, accompanied by Ina Nelson; Merle Bolton, guitar and vocal; Mr. and Mrs. Warnick, of Grindrod, violin and guitar duet.

"Princesses" Speak  
The three girls who are running for queen in the Memorial Hospital campaign were asked to come on the stage and say a few words. The princesses are: Gladys Garner, sponsored by the Lions Club; Alberta Hill, by the Canadian Legion; and Viola Brash, by the I.O.O.F. Lodge.

This was followed by a comedy skit, "Too Fat Polka," with R. Hutchison playing the part of the "too fat gal." D. Henderson rendered a guitar solo; A. Bogart and H. Burton performed a mandolin and banjo duet; L. Kulack, a guitar solo; S. Muriel and M. Faulkner, duet, accompanied by J. Dugdale; Mr. Wilson, of Silver Creek, a violin solo, accompanied by his two daughters playing guitars.

The Winners  
Those receiving cash prizes were: under 12, instrumental, Doreen Danard; under 12, vocal, S. Muriel and M. Faulkner; under 16, June Bradford and Merle Bolton; over 16, Mr. Wilson and Mr. Bolton.

Judges were Mr. and Mrs. F. Caswell, Mrs. Walters and Mr. L. Strouger. A presentation was made to the judges, after which the closing songs "For He's a Jolly Good Fellow" and "The More We Get Together," accompanied by J. Dugdale, were sung. This was followed by dancing and refreshments served by the ladies of the Lodge.

Baptist Relief  
The members of the local Baptist Church have been collecting good used clothing to send to Europe. The clothing is first sent to Wetaskiwin, Alta., and from there it is forwarded to European headquarters.

Mrs. B. E. Johnson, who has been visiting friends and relatives in Calgary for some time, returned to Enderby recently. Mrs. Roberts accompanied Mrs. Johnson.

Mrs. J. KoPke, who has been spending a 10-day visit with friends at Chilliwack, returned to Enderby on Friday. Accompanying Mrs. KoPke on her visit to the Coast was her mother, Mrs. Hildebrand, who has been making her home at Enderby with her son-in-law and daughter, Dr. and Mrs. J. KoPke, for some time.

Miss Pitton, of Vernon, has recently obtained a position with Mrs. George Johnson at the Enderby Beauty Parlor.

Mr. and Mrs. Ralph Swanson, of Mura Lake, are receiving congratulations this week on the birth of a son in the Enderby General Hospital on March 7.

Mr. Hertzog is enjoying a visit this week from his son and daughter-in-law from Vancouver.

Mr. and Mrs. Jack Crookford and family, from Port Alberni, arrived in Enderby this week. Mr. Crookford joined the staff of the Sutherland Bakery.

Mr. and Mrs. W. K. Stratton, who have been spending the past two months in Kelowna, arrived in Enderby on the weekend and will make their home here. Mrs. Stratton is well known locally, having resided in Enderby with her mother, Mrs. Dugdale.

Rev. R. E. M. Yerburgh, accompanied by Harold Bawtree, B. H. Morris and B. Billing, left on Monday for Nelson where they will attend the Anglican Synod.

Mr. and Mrs. Gordon Innes were visitors to Armstrong on the weekend, visiting friends and relatives.

Miss Lois Profit spent Saturday visiting friends in Vernon.

Miss Doris Nelson, of Vernon, arrived in Enderby this week to join the staff of the local branch of the Bank of Montreal. Miss Nelson is a loving fan of Thompson who will spend a three-week vacation at his home in Portland.

The Enderby Pee Wee hockey team played the Armstrong team at the Enderby rink on Friday evening. The final score was 6-3 for Enderby.

In the juvenile game there was no score. Armstrong brought a Midget team to play against the Enderby Juvenile team but a Juvenile game will be played on local ice on Monday evening. Approximately \$20 was noted and the proceeds were turned over to the local teams.

The Enderby friends of Donald

were in Enderby on Sunday to visit Mr. Preston's parents, Mr. and Mrs. Harry Preston, and also were guests of Mr. and Mrs. Melvin Johnson. Mrs. J. KoPke left for Chilliwack where she will spend a few days visiting Miss Berg who is on the staff of the Chilliwack Hospital. Mrs. King-Baker returned recently from Victoria to spend a few days visiting friends in Enderby before leaving for England where she will spend several months visiting relatives.

The members of the local Lions Club have announced that they will sponsor Miss Gladys Garner as queen for the June 9 celebration.

## Need Immigration

(Continued from Page One)

B.C. and under urban conditions. Stating that "immigration in the past has contributed greatly to our industrial and social progress," Mr. Bowman gave examples to support that assertion. Plywood developments at New Westminster and Quesnel, glove factories in Ontario, agricultural settlements in northern B.C. and Saskatchewan and other projects were started by immigrants.

"Following the war, a commission was set up to study the situation. Selective immigration, based on careful screening, was favored."

Swiss, Dutch, Czechoslovakians and other European nationals were spoken of as being "very easily assimilated and an asset to Canada."

Applications for admission to Canada from European nationals and British are greater than ever before. Estimates of British wishing to come to Canada vary from 3,000,000 upward even as high as 12,000,000 in a decade. The Netherlands Government has chartered two vessels to bring 10,000 people to Canada this year.

People are applying in sufficient numbers to enable conditions of parties of varying experience to suit prevailing conditions and types of farming in all parts of B.C.

Each individual must be applied for by a farmer who shows he is financially able to employ the immigrant at a fair wage for a year. Accommodation is arranged and a minimum wage is set to start. Families and married couples are much to be preferred to a single man from the standpoint of settlement, the speaker said.

"This immigration scheme appears to offer Canada the best opportunity she has ever had to get carefully selected, much-needed immigrants."

During 1946, Canada permitted entry of 71,719 immigrants. "This is the largest number entering Canada since 1930, but a fraction of the immigrants we could absorb annually."

In conclusion, the speaker suggested, "We make it a point to welcome any settlers and that this welcome be extended from the day of their arrival for weeks and months. This spirit of intolerance we find in a great many parts of the country tends to drive these people into bunches to find their own way of social life." He referred to such terms as "bohunks" and "squareheads" as examples of intolerance.

## Winfield Girl Guides Welcome New Members

WINFIELD, Mar. 10.—At the regular Girl Guide meeting on Monday, two new members, Reine Dyson and Joan Dyson were welcomed into the group, bringing the membership of the company to 20. Yvonne Hitchman, Barbara Beck, Pat Clarke, Eva Edmunds, Audrey Metcalfe and Marion Metcalfe presented their useful articles and an artistic relief map of the district, completing the requirements for the second class.

Scout Patrol Leaders attending the annual convention in Rutland on Saturday were Gary Teel, Raymond Wickenhiser, Doran French and Edwin Reeve. Scoutmaster Doug Elliot accompanied the boys.

Tom Milner, who recently arrived in the district, has taken an active interest in the troop and is assisting with the work.

The local teaching staff attended the regular monthly meeting held in Kelowna on Saturday.

Mrs. G. Monford, of Rutland, spent a few days with her son-in-law and daughter, Mr. and Mrs. G. Elliot.

Mr. and Mrs. Standing, of Vernon, are visiting their sons-in-law and daughters, Mr. and Mrs. Ralph Metcalfe and Mr. and Mrs. Dave Edmunds.

Walter Thorvalson, of Bredenburg, Sask., is visiting his brother-in-law and sister, Mr. and Mrs. Alvin Porter.

Mr. and Mrs. Koutg entertained several friends at a bridge party on Friday evening.

John Bailey, of Falkland, visited relatives here for a few days last week.

Gordon Shaw spent the weekend with his parents in Oliver. He also visited his brother, Ernie, who is ill.

## Junior High

(Continued from Page One)

figure on the cost of the park site?" asked Mr. McIntyre. The Deal

"It will be a very nominal sum," replied Mr. Sterling. "We will have to look after a considerable amount of the upkeep, but we could not conceivably have got anything near 10 acres elsewhere."

The City Council some time ago agreed to deed the land on which the school would stand to the School Board and allow the students to use playground space in MacDonald Park, on the understanding the Board would assist with maintenance of equipment. Plans for the park are as a sports and playground, not a landscaped garden spot as is Polson Park.

When the secretary was advised to instruct the architect to begin drawing up plans for the school in MacDonald Park, Mr. Freeman expressed surprise that these plans had not been underway while the site question was being settled. Mr. Sterling explained that the first showing is at least as early as in any previous year.

## Oyama Rancher Prominent At Kamloops Stock Show

KAMLOOPS, Mar. 10.—V. E. Ellison, of Kalwood Ranch, Oyama, figured prominently in three ways at the 30th annual Provincial Fat Stock Show and Bull Sale which opened Tuesday with exceptionally high class entries in both divisions.

Mr. Ellison was elected president of the B.C. Hereford Breeders' Association, succeeding L. W. Wood, of Armstrong. His recommendation that an International Hereford Breeders' Association should be established was accepted and a fitting resolution was passed and will be forwarded to the Canadian association for action. His single Hereford steer, 1,101 pounds or over, was awarded the championship in that class and the reserve grand championship.

### Girl Wins

The grand championship, as well as winner in the boys' and girls' class, went to Helene Turner, of Oak Bay, V.I., for her Shorthorn steer. Miss Turner is the daughter of James Turner, well known Shorthorn breeder. Janice McLeod, of Westwood, won the reserve championship in the junior class and Malcolm Parker, of Armstrong, and Ronald Catt, of Lumby, also figured in the prize list.

P. E. French, of Vernon, won two firsts with Shorthorn steers in the 801 to 900 pounds, and under 800 pound classes. Mr. Ellison took third in the 901 to 1,000 pounds and Mr. French was fourth in this class. The Turner boys, of Salmon Arm, placed first with Hereford steers in the 1,001 to 1,100 pounds with the Eldorado Ranch being second.

### Instant Approval

Mr. Ellison's proposal regarding an international association met an instantly favorable response when presented to the B.C. Hereford Breeders' Association on Tuesday night. He reviewed the advantages that would result from such an organization.

Probably the most important would be the standardization of the registration requirements throughout the country in which the breed was established. The difficulties which B.C. and other Canadian Hereford breeders were now trying to iron out with the United States was an illustration of the need for international agreements and regulations.

Secretary David Andrew, of the Canadian Hereford Breeders' Association, endorsed the project and said that it was definitely a movement in the right direction. He undertook to see that the B.C. resolution was placed before the directors of the National Association without delay and to accelerate action so far as lay within his power.

The slate of officers elected in the B.C. Hereford Association was: Mr. Ellison, president; T. P. Wilson, of Vinsulla, vice-president; and Mr. Ellison, Mr. Wilson, L. W. Wood, of Armstrong; G. E. Boulton, of Bridge Lake; Alex Gardiner, of Penticton; Charles Turner, of Salmon Arm; William Dingwall, of 127 Mile House, and Bert Erickson, of Lytton, are the directors. Mr. Wood is the executive director on the Canadian Association until the end of 1949.

### Hereford Bull Pairs

Vernon and district Hereford Shorthorn breeders were prominent in the awards in Hereford and Shorthorn bull classes at the Provincial Show and Sale at Kamloops Wednesday. E. A. Rennie, Lumby, with his two Hereford bulls, Monashee Britisher and Monashee Britisher 2nd, bred by Fred Gaven, Vernon, took first place for the best pair of Hereford bulls and the former was second and his companion third in two classes for young bulls.

In one of these classes, for bulls culled before July 1, 1946, and after September 1, 1945, V. E. Ellison's Kalwood Domino 2A was fourth in very stiff competition. The winner was the Minto Trading and Development Company's Wadomint Tone 4th. In the other class, for bulls culled after July 1, 1946, the winner was Alex Gardner, Penticton, with Shingle Creek Monty 21st.

In the open class, best B.C. bull, the Minto entry was first. Mr. Gardner's entry second and Mr. Rennie's Monashee Britisher was third. The championship went to the Minto entry, Wadomint Tone 4th, and the reserve to Mr. Gardner's Shingle Creek Monty 21st.

The Shorthorn championship went to James Turner, Royal Oak, with Glamour Boy and the reserve to the same breeder with Handsome Girl. P. E. French, of Vernon, took second with Killarney Norseman 35th in the class for 18 months or over. The winner was Glamour Boy, H. C. Catt, Lumby, took fourth with Glamour Monarch 2nd. The winner in bulls under 18 months was Handsome Girl.

Total sales at the fat stock disposal were 421 head, bringing \$73,920.13, compared with 237 head and \$42,673.34 last year. The average was several cents a pound under last year's returns.

### Crocuses Herald Spring's Arrival In This District

Current weather conditions of brilliant sunshine and crisp cold nights are apparently very favorable for the development of one harbinger of spring. H. H. Evans, district field inspector, reported this week that the year's first crocuses appeared above ground in his garden on Thursday of last week, March 4. By last Monday he gathered a number of the hurdy flowers. Mr. Evans believes that the first showing is at least as early as in any previous year.

## Top Price of 80 Cents Pounded at Fat Stock Sale

KAMLOOPS, March 10.—Helene Turner's grand champion steer, a Shorthorn, brought the top price of 80 cents a pound at the Kamloops Fat Stock Sale on Wednesday morning. This meant a return to Miss Turner from the Sawfey Stores of \$760.80. Her animal was winner of the boys' and girls' championship and then it won out for the grand championship.

V. E. Ellison's open champion, a Hereford steer, brought the next highest price, 45 cents a pound, from the Salmon Arm Meat and Produce Market, representing a return of \$484.35. A. and W. Watt's reserve open champion brought 30 cents from Canada Packers, and Janice McLeod, of Westwood, had the reserve champion in the junior class which brought 21 cents from Sawfey. P. E. French sold two Shorthorn steers, both first prize winners, at 18½ cents.

The Watt brothers' reserve champion was given back immediately to be resold for the benefit of the Appeal for Children Fund. Canada Packers again bought it, this time for 25 cents. It realized \$232.75 for the fund.

Douglas Lake Company's two champion carlots each brought 19 cents, Sawfey being the purchaser in both cases. The general run of prices ranged from \$15.60 to \$17.10, the average being somewhat lower than last year. One cause given for the lower figures was that the big Vancouver stores were not among the purchasers. In previous years they had bought generously at good prices to producers.

The Hon. Frank Putnam, Minister of Agriculture, flew from Victoria on Wednesday morning to open the show formally. He commented on the streamlining that had been developed during the last few years and that had brought the weight of two-year-olds up from 900 to 1200 pounds. He was impressed with the high quality animals offered this year, both in fat stock and bull classes.

The B.C. Shorthorn Breeders' Association, at their annual meeting Tuesday night, elected the following officers: president, Robert Taylor, of Princeton; first vice-president, Tom Hill, of the Coldstream; second vice-president, James Turner, of Royal Oak; and secretary-treasurer, Hugh C. Catt, of Lumby.

## Scout Hall Urgently In Need of Repairs; Problem Is Finances

Condition of the Scout Hall building has reached a stage where immediate repairs are urgently required, but as yet no method of financing the cost has been devised.

Two members of the hall building committee, L. R. H. Nash and Arch Brown, waited on the City Council Monday night to discuss the problem, with the result that a committee was set up to investigate the report. Personnel will be the city engineer, fire marshal, finance chairman and Messrs. Nash and Brown.

The building is used six days a week by the school children. Mr. Nash said, and since the building was returned to the city following use by the army not a cent of repairs had been done with the exception of a new floor. The structure is in very bad condition.

The schools pay only \$400 annually for their use of the hall. Mr. Brown estimated that on an hourly basis the payment amounts only to some 20 cents.

## Air Cadets Receive Badges In Ceremony At Vernon Armories

At an impressive re-classification and promotion ceremony in the Vernon Armories on March 4, Gordon Lindsay, representing the Vernon Rotarians, presented chevrons and badges to the Air Cadets of local Squadron No. 223.

The parade was held in the Air Cadets' new quarters in the Armories, made available by the interest and consideration of Lt.-Col. David F. B. Kitchin, O/A 9th Recon. Regiment, B. C. Dragoon. The cadets paraded under their commanding officer, P.O. Stan Hoyle, B.E.M.; equipment officer, P. L. Leo Smith, and Adj. Sidney L. Collins, M.M.

The local Air Cadet Squadron is sponsored by the Rotarians and a committee of Mr. Lindsay, chairman, L. W. Lay and George Philomeno made an official visit on Thursday. Following the presentation, Mr. Lindsay praised the squadron's past activities and gave a few words of advice and encouragement for the future.

The llama, used in Peru as a beast of burden, can carry about 100 pounds, and will not move if he is overloaded.

## 37 Applications for European Farm Help Made Here Saturday

Over 35 applications for European immigrant farm labor were made at the creamery office in Vernon on Saturday, reported H. R. Bowman, C.N.R. immigration official, on Monday. The dairy farmers from North Okanagan points made 27 direct applications, while ten more were made through friends of farmers unable to get to the office.

Mr. Bowman was "extremely pleased" with the local response and said that there was no doubt that requirements would be filled. The immigrants are very carefully screened to secure men experienced in the particular line of labor required.

The farm help is expected to arrive here between May 1 and July 30, although some may come before that date. If any other farmer wishes to make application for European farm help, he should write Mr. Bowman at Penticton, B.C.

The Pacific Ocean has the deepest known depression in the world surface. Mindanao Deep, off the Philippines, is 35,200 feet deep.

## Town and District

Mrs. V. Smith, of Revelstoke, was guest of Mr. and Mrs. Verne Proctor, of Vernon, over the weekend.

W. Green, of Vancouver, arrived in Vernon Friday for a few days' visit with Col. R. Fitzmaurice.

Mrs. Stan Betschen, of Vernon, returned home Wednesday from Vancouver where she visited a week with her sister, Mrs. D. S. Maxwell.

Mrs. Malcolm Macdonald, of Revelstoke, arrived in Vernon Tuesday to be guest for two weeks of her sister, Mrs. H. A. McEwan.

Miss Frances Christensen, of this city, left on Wednesday of last week for Los Angeles, Calif., for a month's vacation.

Ron Cathro, of Vancouver, came to Vernon Tuesday as staff training officer for new postal delivery employees.

Mrs. Charles N. Harwood, of Vernon, spent the weekend in Penticton with her father, W. B. Hilliard, and with her brother and sister-in-law, Mr. and Mrs. Douglas Hilliard.

Rev. P. S. Jones, district superintendent of B.C. Pentecostal Assemblies of Canada, was in Vernon to conduct services in the Elim Tabernacle Sunday.

T. R. Timmins returned to his home in Vancouver on Saturday after spending ten days visiting at the home of his mother, Mrs. A. N. Timmins, in this city.

Mrs. J. O. McKinnon, of West Vancouver, is visiting at the Coldstream home of her brother-in-law and sister, Mr. and Mrs. A. Holt-Barlow.

Dr. A. J. Wright and Dr. W. Finlayson are in Vancouver taking a post-graduate refresher course in medicine and surgery. They are expected back in Vernon at the beginning of next week.

Michael Nutter, who was recently transferred from the Kelowna branch of the Bank of Montreal to West Summerland branch, spent the weekend visiting his parents, Major and Mrs. W. E. Nutter, in this city.

P. Haddnott, of Bird's Hill, Maniaba, was in Vernon over the weekend on a business visit.

Mrs. N. Ruffe, of Vernon, was guest of her sister-in-law, Mrs. G. Medore, in Vancouver, from Tuesday through to Friday of last week.

George Dooley, recently of Montreal, came to Lumbly Friday to visit with his parents, Mr. and Mrs. Edward Dooley.

Miss Robin Clarke, of this city, plans to leave today, Thursday, for Vancouver where she will spend a few days' vacation.

Russ Cross, of Vancouver, was called to Vernon this week due to the illness of his father, E. L. Cross.

Charles E. Rathbone and daughter, Della, of Tete Jaune, came to Vernon Saturday to visit Mr. Rathbone's son and daughter-in-law, Mr. and Mrs. Samuel Rathbone.

Mrs. B. G. Carr-Harris, of Vernon, was at the Coast last week visiting friends, Mrs. Ernest Rogers in Vancouver and Miss Mary Dawson in Victoria.

Mrs. H. J. Alexander and daughter, Catherine, returned to Vernon Friday following a few days visit to Vancouver where they were guests of Mrs. Alexander's mother-in-law, Mrs. H. F. Alexander.

P. S. Sterling and S. H. Northcott left on Monday for Nelson to attend the Anglican Synod which appointed a new Bishop of Kootenay. They expect to return to Vernon today, Thursday.

Harry Nash, son of Mr. and Mrs. L. R. H. Nash, returned last week to Vernon after a year's employment in Kamloops. He has joined his father in managing the Neil and Neil Ltd. implement department.

Mrs. B. A. Marshall with her three children, Lois, Howard and Ronald, have come to Vernon to join Mr. Marshall, who is the engineer at the new mental hospital to open here within the next few weeks. The Marshalls formerly lived in New Westminster.

## High School's Teasing Operetta Ticks Fancy

Gilbert and Sullivan's comical "Trial By Jury" teased and humored a fair-sized audience in the Scout Hall Tuesday night and made them wish the delightful half-hour operetta had been longer.

Light, whimsical mockery of an over-pompous courtroom ran blithely through the acting and singing which culminated in a "happily ever after" mood.

This circumstance was brought about by the "learned judge" who was so learned he found the wisest judgement that could be passed upon a breach of promise case was to marry the "beautiful plaintiff" himself.

Excellent Support of Stars

Alan Davidson as the "be-wigged" judge and Dagmar Henry as the plaintiff received excellent support from a good all-around cast which included Tierney O'Keefe, as defendant, John Steele, as counsel for the plaintiff, and Harold Harvey as usher.

The musical show was largely the work of Vernon High School students who provided an interpretive background full of color and movement.

The vocal sections comprising the jury and stage spectators were especially vivid in lilting song and in manner of participation.

Pretty, tripping bridesmaids in pink and blue gowns brought flowers and more song to the courtroom, and the gentlemen of the jury immediately fell in love with them. It was, on the whole, a highly pleasing spectacle, to the eye as well as to the ear.

Fine Assistance

Orchestral accompaniment was given by Mrs. Arnold Johnson at the piano, Miss Catherine Alkman, A. Johnson, W. M. Phillips, P. L. Leslie, violinists; Mrs. H. R. Denison and Mrs. H. Fisher, cellists.

Miss J. L. Reekie was assistant musical director for the performance; E. P. Venables, stage manager.

## Cost of Dying

(Continued from Page One)

trees should be secured from the horticultural branch at the Court House.

A prime factor responsible for the deterioration in the trees' condition is the constant damage inflicted by automobile bumpers, Alderman D. D. Harris said. Some trees have large rotten spots as a result.

The Vernon Civic Employees' Union requested that members be allowed to work an additional half day soon to provide funds for their annual picnic. The request was granted.

## Vernon Education Equal To Very Best in Province

The standard of education in Vernon schools is outstanding in comparison with that in the rest of the province, Inspector A. S. Towell informed the School Board on Monday night. The Department of Education recently conducted standardized tests in six basic subjects, "And in all branches of the tests, with one exception, schools of Vernon School District stood very, very high—level with the best. It is an outstanding thing and very commendable," said Inspector Towell.

Interesting figures on the cost of education and the number of rural and city pupils also were presented to the School Board meeting. The net cost per pupil in Vernon and surrounding area, raised by direct levy on the taxpayers, has increased \$5.11 between 1944 and 1947. Costs in 1945 were \$45.90, \$4 over 1944. The remaining increase of \$2.11 took place in the next two years.

### Could Be Higher

In presenting the figures, Chairman P. S. Sterling admitted that increased government aid had helped keep down the local direct levy. He also pointed out that, if schools were not so abnormally crowded, costs might be considerably higher.

Increased salaries and expanding courses and facilities were major causes of rising costs.

A survey of Vernon School District student population in January of this year showed that the number of rural children was equal to the number of Vernon city children—1,179 pupils living in rural areas. In Coldstream Municipality there are another 260 students, making a grand total of 2,617.

### Relative Costs

Although pupils resident in Vernon equal just over 45 percent of all students, the city's share of 1948 school taxes is 57 percent. With an equal number of pupils, the rural area's share of direct taxes is 30.7 percent. Coldstream taxes are over 12 percent of the board's levy, while Coldstream pupils are not quite 10 percent of the total.

Vernon schools accommodate 2,082 pupils. Three-eighths of these students come in from the rural district. Five and a half percent of local students come from the Coldstream Municipality.

The School Board's liability for accidents to pupils on the school grounds was again discussed on Monday night as the result of two applications from parents for assistance with hospital and doctor bills resulting from such accidents.

One child had broken his hip in a fall on icy ground. Mr. Sterling argued that the School Board and school teachers "exercised every precaution—and such care as a reasonably careful parent would take of his child," thus was not liable for the accident. Dr. H. J. Alexander suggested the board might have some responsibility because of the ice, in a manner similar to a city's responsibility for accidents on a slippery sidewalk.

### Good Policy

He said the insurance company would not pay anything until the board had been found guilty in a court of law. Inspector Towell suggested it was a good general policy for the board never to pay any parents except on compassionate grounds; that is, not to accept liability for an accident, but possibly to help parents who might be excessively handicapped by hospital bills they could not pay.

"We are custodians of the public purse," said Mr. Sterling. "I would rather spend \$40 on that case (the boy with the injured hip) than send a man to a convention of doubtful value," said H. W. McIntyre, trustee from the rural areas. He was referring to a previous decision to send the supervisor of maintenance to a Coast convention.

The trustees in open meeting did not decide whether any consideration would be made, but instructed the board's solicitor to write a letter of explanation to the parents of the injured children.

Elmer Carswell appeared before the board in regard to the bus contract the trustees understood was voided by the death of the late Archie Carswell. It had been made with Mr. Carswell Sr. in 1946 for a five-year period. Following his death, payments had been made to M. H. Carswell and to Carswell Coach Lines, with the notification that such payments were not to be construed that the contract was still considered to be binding.

Dr. Alexander explained that the board felt the contract costs were too high and that when the contract was considered lapsed on Mr. Carswell's death, it was decided to make only year-by-year agreements. The board discussed providing its own transportation at some future date.

Elmer Carswell suggested the contract with his father, should, or could, be continued on in the name of the company, but the board did not consider they were bound to this.

It was explained that he had bought two new buses on the strength of the contract running till 1951. The board agreed to sign a contract to run for that period, subject to being discontinued by six months' notice by either party. It also would provide for purchase of the Carswell buses at an agreed or arbitrated price in the event the board took over transportation.

The board confirmed a previous stand to allow religious organizations to use school facilities when it discussed a request of the Anglican Young People's Association. It was pointed out that this policy must apply to all denominations, if any were allowed to meet in schools. Trustees will decide just what rooms may be used. J. K. Benlato, Elementary School principal,

tion in the Vernon Okanagan Industrial Exposition, were outlined by Jim Douglas, who heads the committee responsible. An H-type hut has been assigned the board and negotiations are now proceeding to have space taken by various manufacturers. A possibility exists of bringing in a unique exhibit, a model sawmill. The cost of this feature would be about \$1,000 and concessions would be sold to the interior lumbering industry. "The board has a grand opportunity not only to sell itself and its activities to the general public, but also to interest the public in the city and district," Mr. Douglas declared.

Speaking for the industrial committee, Mr. Dicks declared that a great need exists for additional trackage land in Vernon. Several industries are anxious to locate here, he said, one offering year-round employment for 15 men. He appealed for anyone knowing of suitable trackage to report to the board's offices.

## Salmon Arm Council Rejects City Share Of School Estimates

SALMON ARM.—Joining in the mounting tide of protest against the sharp increase in the municipalities' share of school costs throughout the province, Salmon Arm city council flatly rejected the 1948 estimates of Salmon Arm District No. 20 School Board, at a recent meeting.

Although sympathetic towards the trustees in their problems and loathe to take drastic action, the council contended that there was no alternative in order to emphasize the seriousness of the school cost problem to the provincial government.

Acting in concert with the city council, Salmon Arm municipal council has returned the 1948 estimates of Salmon Arm District No. 20 School Board for downward revision.

Enderby Board of Trade  
Plans Exposition Display

ENDERBY, Mar. 8.—When the Vernon Okanagan Industrial Exhibition is sponsored in Vernon this year, Enderby will again enter a booth for display. Alderman J. Sutherland is in charge of arrangements and entries for the booth and it is hoped that all who are interested will get in touch with Mr. Sutherland as soon as possible so that arrangements can be made early. Local residents as well as those of the district felt that the exposition last year was especially interesting and it is expected that this year's display will far exceed the previous year.

Mr. Sutherland was appointed as convenor at the recent meeting of the local Board of Trade held in the City Hall.

W. T. Panton, secretary of the board, reported on the Film Council meeting held in the City Hall the first of the week. Representatives from all the various organizations of town were present at the meeting and carried back to their organizations data in connection with the operating of such a council. It was decided by the board to have Mr. Panton attend the next meeting, to be held March 23, and offer about \$20 from the Board of Trade for such a purpose. Upon the receipt of \$400, the Council will be able to supply a certain number of free educational films for those organizations sharing the cost.

A copy of the petition which has been sent to the Provincial Government asking for severance of the northern part of the district from Spallumcheen-Armstrong, was read. Discussion continued and a vote resulted in a tie. Chairman G. W. McLeod was then required to cast the deciding vote which was favorable for the amendment.

J. MacKinley, who has been supplying pasteurized milk to the City of Enderby for some time, reported that he is interested in putting in

a milk plant in Enderby. Now the local milk is shipped to Armstrong where it is pasteurized and then trucked back to Enderby for delivery to local consumers. Mr. MacKinley mentioned that a report concerning the Noca Creamery putting in such a plant in Enderby had been received recently, and he felt there was not sufficient room for two such plants. D. Jones, director of Noca, reported that he had not received any word along this line to date.

Hospital beds have been filled to capacity and even for a short period Dr. Kope was practising with extreme difficulty due to severe cold conditions. A good many of the younger children about town and the neighboring districts have been under doctors' care with infected ears, severe colds and flu. Many teachers have been unable to progress with their routine work due to the absence of a large percentage of the pupils.

This is the first winter in several years that the town markets have not had a good display of green vegetables ready for sale. Most of the winters saw some form of green or spring vegetables on the market, but this winter the only fresh vegetables noticed was the occasional shipment of green cabbage. This met a rapid sale.

## Memorable Visit

Residents will experience one of their never-to-be-forgotten thrilling moments when they will be honored by a visit from the Governor-General on May 20. This is the first time in the history of the town it will have the honor of a visit from such a distinguished personage. His Excellency, according to a letter received from his secretary, will leave Kamloops on the morning of May 2. He will make a half-hour stop in Enderby and Armstrong before continuing to Salmon Arm, enroute east. Arrangements for the official visit are underway and in the hands of Mayor H. Logan.

Residents from Enderby, Salmon Arm, Armstrong, Trinity Valley, Mabel Lake, and other nearby points flocked to Enderby on Saturday to attend the S. H. Speers Drygoods fire sale. On the previous week, heavy smoke caused some slight damage to the entire stock of the store. It remained closed on Friday afternoon so as to make ready for the sale. This was the first time Enderby residents have had the opportunity of attending a fire sale of dry goods, as there never had been such a fire before.

Hospital Auxiliary  
Mrs. E. Webb, president of the Hospital Auxiliary, presided over a meeting on Tuesday afternoon in the City Hall. There were five members present and one new member, Mrs. Stillwell, joined the auxiliary.

The secretary-treasurer, Mrs. H. L. Lantz, reported the auxiliary had on hand \$508.13. Mrs. P. G. Farmer of the buying committee reported that 53 yards of sheeting and 100 yards of material for babies' diapers, as well as four blankets had been purchased. This amounted to \$161.62.

Mrs. Farmer gave the inventory report, also listing the articles that had been turned over to the hospital for February. This included one draw sheet, 13 bed sheets, the latter having been previously made and on hand; ten tea towels; and four blankets, together with several small articles. It was decided that the inspection committee would make another inventory list on the first of May when they visit the hospital.

It was reported by the buying committee that there was a need for a doctor for a sponge operating table cover. This would cost in the neighborhood of \$50. The members of the auxiliary had previously purchased the operating room table.

Mrs. P. Farmer was appointed as visiting convener for March.

## Memorial Hospital Drive

Conveners are busy this week in connection with the sponsoring of queens for the Hospital War Memorial drive.

Three queens are being sponsored by local organizations, the I.O.O.F., Miss Viola Brash; the Canadian Legion, Miss Alberta Hill; and the Lions Club, Miss Gladys Garner.

Tickets, crediting votes for the queens are being sold and the lucky winner will receive a car. The drawing takes place June 9. It is expected several thousands of dollars will be raised by the campaign committee to aid in the building of the new hospital.

George McLeod is chairman of the committee and will be assisted by Miss Joyce McLeod as secretary. The three queens are popular. Enderby girls, Miss Brash is the daughter of Mr. and Mrs. P. Brash and is a student of the Enderby Fortunate School, Miss Garner is the daughter of Mr. and Mrs. Fred Garner and is on the staff of the Enderby Post Office. She, too, is a native of Enderby and received her education in the Enderby Fortunate School. Miss Hill, who's nickname is "Babe", is the daughter of Mr. and Mrs. R. Hill, who up until several years ago were residents a few miles west of town at Deep Creek. She moved with her parents as a young child to Enderby and attended the Enderby Fortunate School. Miss Hill has been employed for several months at the S. H. Speers Drygoods store.

Tickets are now on sale in local

Local Teams Low  
In Inter-City  
Bowling League

The vital statistics for the first half of the play in the Okanagan Inter-City Bowling Association have been released by Del Thomas and they show that so far the Vernon kglers seem to be on the wrong end of the score sheets.

In the standings of the men's team, the Vernon quintets are in the two cellar spots, while in the women's race the highest local team is third from last. In the individual records, Edith Hale is the only Vernon bowler to set a mark.

All records are for the end of the first half:

Chairmen of the various sponsoring groups are: I.O.O.F., Lawson Strouger and Fred Perry; Canadian Legion, A. H. Woodley; and Lions, P. G. Farmer.

The longest bridge in Europe is in Sweden connecting Zealand and Falster, a distance of two miles.

Like the elk and moose, mountain sheep are found in both the old and new worlds. Some species that occur in Asia are very similar in appearance to the bighorns of our western mountain ranges.

Silver fox was the first commercial fur bearer successfully raised in captivity in Canada.

The winner of the Vernon-Kelowna series will meet Kamloops for the Interior crown and the right to represent this zone in the B. C. playdowns.

The Teams:  
Vernon: McCloudie, Bergunder, Elkey, Buckert, Buffum 2, Bruchs 3, Kucharsky, Laidman, Harris 3, Price, Total 8.

Kelowna: Mai, McGregor 4, Scantland, Niblock, McDonald 1, Stirling, Miller, Bull 2, Forsythe 9, Murdoch 6, White, Total 22.

The Vernon zone defence, used so effectively in games this season, was useless against the high scoring Kelowna squad as they swept to a 15-2 half-time lead. Forsythe and Murdoch led the Orchard City attack with seven and six points respectively, while their defence held the visitors to one lone basket by tall centre, Faith Bruchs.

In the second half the Vernon team switched to a man to man defence and matched the home team basket for basket, but the damage was already done and when the final gong went they found themselves on the wrong end of a 22-8 score. McGregor sank two nice baskets for Kelowna in this half and Vernon's high scoring guard, Barb Harris, did her best for the local's lost cause with a basket and a converted free toss.

Huge Entry List  
For 11th Annual  
Valley Bonspiel

As soon as hockey steps out of the Vernon sports spotlight, the grand old game of curling will step in. The 11th annual Okanagan Valley Bonspiel is still five weeks away, but entries are pouring in from the outside centres at an amazing rate.

So far over 46 rinks have been entered in the 'spiel and this number is already the same as the total of visiting rinks last year. The exact number of local rinks that will be entering the fray is not yet known, but it is estimated that about 40 will be taking part. By the time of the 'spiel the visiting rinks are expected to number 65 so that the 11th annual curlers' get-together will have a total of over 100.

For the first time entries have been received from Edmonton, Prince George and Victoria, while the men with the brooms are coming also from Calgary, the Kootenays, the Coast, Northern B.C. and other prairie points.

All these rinks can be accommodated because of the new curling rink with its five sheets of artificial ice. Six more of the arena make a total of 11 available for the curlers. The biggest curling event in B.C.

## Must-Work for Health

It's all very well to take off our hats to those who perform some public service, but health authorities say that it would be better for us all to take off our coats and buckle down to the job of making Canada a healthier land in which to live. The country's well-being depends on the average citizen's support of agencies working to keep out disease and to advance the national health.

Like the elk and moose, mountain sheep are found in both the old and new worlds. Some species that occur in Asia are very similar in appearance to the bighorns of our western mountain ranges.

Silver fox was the first commercial fur bearer successfully raised in captivity in Canada.

Rolling Pin Trophy in Leap  
Year Novelty Curling Act

A large rolling pin adorned with curling figures was the trophy won by Mrs. Horace Foote's rink when they defeated the rink skipped by Mrs. Gordon Skinner in the finals of the Women's Leap Year Novelty Bonspiel on Sunday. The prize was as novel as the competition and the men were relieved to hear that the trophy was made of cedar and not heavy enough to do much damage.

Mrs. Foote's rink of Mrs. B. and Bill Neilson. The consolation prize was a miniature rolling pin for each member of Mrs. Mann's victorious rink.

Monk, Alex Green and Charlie Johnson won the right to enter the finals when they defeated Mrs. Alex Green's quartette 12-6 in the semi-finals last Sunday. Mrs. Skinner's four of "Biff" Bowes, Mrs. Bill Neilson and Bill Signet made the finals via a 11-3 victory over the rink skipped by Mrs. Felix Henschke in the semis.

In the finals, Mrs. Skinner's rink took an early lead, but Mrs. Foote went ahead 6-4 at the sixth end and consolidated her lead with another three on the eighth and one coming home on the tenth.

In the consolation competition, Mrs. Hugh Mann's quartette of Dr. H. L. Coursier, Mrs. J. Lemski and Jim Morrice held on to an early lead to edge out the rink skipped by Mrs. "Bud" Anderson 10-9. Mrs. Anderson's rink included "Bud" Anderson, Mrs. Charlie Johnson

Vernon Girls' Hoop  
Quintette Down 14  
Points in Playoffs

The Vernon Intermediate "B" girls' hoop squad will be fighting to overcome a 14 point deficit on the Scout Hall maple courts tomorrow night when they battle with the Kelowna Intermediate "B" lassies in the second game of a two-game, total-point series for the Interior crown.

The local girls dropped the first encounter 22-8 to a red hot Kelowna team in the Orchard City on Saturday night. The Vernon players just couldn't find the hoop, while the home team had a night on and couldn't miss.

## Weak Defence

The Vernon zone defence, used so effectively in games this season, was useless against the high scoring Kelowna squad as they swept to a 15-2 half-time lead. Forsythe and Murdoch led the Orchard City attack with seven and six points respectively, while their defence held the visitors to one lone basket by tall centre, Faith Bruchs.

In the second half the Vernon team switched to a man to man defence and matched the home team basket for basket, but the damage was already done and when the final gong went they found themselves on the wrong end of a 22-8 score. ## Deep Creek School Whist Drive Raises \$11 for Red Cross

DEEP CREEK, March 9.—Mrs. M. Hanson, teacher of the Deep Creek School, helped the pupils put on a whist drive and dance in the Deep Creek Hall on Friday in aid of the Junior Red Cross. Home-made candy was sold by Rosmarie Michel and Myra Soderberg. The older pupils served lunch after the cards. High scores were won by Mrs. W. E. McCleight and A. E. Johnston, and consolations went

to Noella Davison and J. Lindsay. Over \$11 was realized for the Red Cross from the evening's entertainment.

Mr. Welch, of Enderby, is wiring A. E. Johnston's home for electricity. It is hoped to have electricity through the district shortly.

Robins and bluebirds have arrived back this past week to join the many birds already here for spring.

The famed Boston scrod is a mythical fish. Actually the name is applied to young cod and haddock which weigh from one and a half to two and a half pounds.

## CITY OF VERNON

## SEALED TENDERS

Will be received by the undersigned, up to 5 p.m. March 22nd, for the purchase of the dead end of Fuller Street, abutting the C.P.R. right-of-way, west of Mason St., described as parcel M, with a trackage frontage of 62 feet 4 inches and a depth to the lane of 60.07 feet.

No offer will be considered for less than the assessed value, namely \$850.00, plus 25% \$212.50 ... total \$1,062.50, which is the adopted policy of the Council, with all land sales.

The highest or any tender not necessarily accepted.

Canine Racket

Tennis looks to be going to the dogs here, but Eric, mascot at Arrowhead, Hot Springs, is merely proving he is a good setter. He has never won a tournament. He gets a few prize bones for his canine racketing.

## Communism Fails, Says Speaker

(Continued from Page One)

caught by the idea of doing something for humanity. He said communism was held up to him as a system under which "misery and poverty would not be known."

"Therefore, I became a fanatic. This Communist Party in Canada could rely upon me to do anything it wanted me to do. I was spreading communist propaganda. I wanted the day of revolution to come closer."

He related how he received minor promotions in the party at first, and then later became a full-time, paid party worker.

How It Happens  
He was assigned to Lethbridge, Alta., where the coal miners' union was affiliated with the Canadian Congress of Labor. "The communists had no control in that union at all," he said. Yet, within a month, "with 24 members of the Communist Party and a few sympathizers at my command, we were successful in capturing control."

The union was persuaded to switch affiliation to the Workers' Unity League.

"I can assure you," he said, "that 90 per cent of the union members didn't know what was going on."

His first impressions of Russia were disillusioning. Mr. Hladun recalled. There were "homeless, ragged waifs running the streets of Moscow in tens of thousands. They migrated into Moscow in summer and went south in winter."

"I was told that the problem had got too far ahead for government facilities to cope with it."

He spoke of his visit to a Soviet communal farm in the Ukraine. "This visit really put me on the skids so far as Communism was concerned. I learned that communism in theory is all right, but it doesn't work out in practice."

"When I asked the farmers and workers how they liked their system, they were indifferent. I got the impression that whatever the government did was no concern of theirs."

"They asked about America. I told them everything was bad in Canada; that there was unemployment and people on relief. They wanted to know if there was enough wheat in Canada, and they wanted to know who it belonged to. I told them it belonged to the people who raised it."

"You're not so bad off in Canada if the farmers have wheat they can do anything they want with,"

they replied. They spoke in Ukrainian, which Mr. Hladun speaks and understands as well as English.

"The Ukrainians are still the underdogs in Russia," he said, "and they are taxed heavily."

"But I didn't want to be disillusioned. I had such a beautiful picture. I tried to figure out what was wrong. Was it the system, I asked myself, or was it the people who were at the head of the system?"

Referring to his visits to industrial plants, he pointed out that although "I was under the impression communism was a system of equality, here I found high paid workers and low paid workers."

The speaker charged that the state and he told of instances where men were raised up by the state to a class where they earned far more than they needed.

On the other hand, he said, "I found low paid workers were paid on the piece work system. This was a major contradiction, because in Canada we communists had fought against the piece work system as exploitation of labor."

"I found there was no collective bargaining, and upon inquiring further I found that most of the Russian income was eaten up by the administrative class."

The Communist Party, comprising three per cent of the people, controls all the people of Russia, asserted Mr. Hladun.

He described the five year plans as "plans controlling how much each person should produce." Although he admitted the Soviet government has made strides in George Dooley, recently of Mon-educational and industrial fields, he said it was "done at the cost of severe exploitation of labor."

There was a lack of individual freedom. The life of an individual was worth only as much as it benefited the state, he said. In Russia, "you might as well be dead if you can't contribute to the progress of the state."

Appeal to Nationalism  
Answering the argument: "Look how well the Russians fought for communism," he said when the Germans were over-running Stalin-grad and were thundering at the gates of Moscow—while "the Red Army was giving itself up" in thousands to Germany—the Soviet government frantically launched an appeal to the national sentiments of the Russian people.

"They dragged out every old Tsar and made him a national hero. They promised the Ukrainians communism in the Ukraine would be abolished if only the Ukrainians would get enthusiastic and go and roll the Germans back."

Mr. Hladun confirmed the fact there is freedom of religion in Russia, but he said every sermon delivered in church must first be approved by the local party committee.

"Each sermon must include some words on the revolution, Stalin and the Five Year Plan."

C.P.R. Will Remodel Kamloops' Station  
KAMLOOPS—Remodelling of the Canadian Pacific station here to give Kamloops "the first streamlined station on the mainline west of P.O." was announced recently by Pacific Region Vice-President George H. Baillie.

When making the announcement at the Kamloops Board of Trade installation dinner, Mr. Baillie said the decision to remodel the station and to pave the company roads approaching it stems directly from representations made to him last year by a city council-board of trade delegation.

The setting was introduced to Northern Europe in the 9th century when Charlemagne brought Italian artists from Ravenna to pave his cathedral at Aix-la-Chapelle.

## Plans for Mara Community Club Bazaar Underway

MARA, March 8.—The monthly meeting of the Mara Community Club was held on March 5 at the home of Mrs. F. Gray Jr., with a good attendance. Plans are under way for the bazaar which will be held on March 18, when the Vernon P.M. Shop will sponsor a fashion show. The club members have been very busy the past week completing their sewing for the bazaar. Home cooking will also be sold.

It was decided that the club discontinue the hot lunch program at the school, with the Easter holidays, until next fall. More dances are expected to be held in the near future. The club was able to make a donation towards the new hospital fund in Enderby.

In the absence of the secretary, Mrs. J. Callens, Mrs. E. Robertson acted as secretary at the meeting. A delicious tea was served by the hostess, Mrs. Gray, at the close of the meeting.

The Mara Hall Board held their first dance of the year on Saturday night. Quite a number of outsiders attended and excellent music was supplied by the "Swingsters."

### Sewing Circle

The Mara Sewing Circle held their meeting on March 3 at the home of Mrs. S. Cuddy. The draw was won by Mrs. Cuddy. Owing to road conditions, very few members were able to attend. The annual meeting will be held at the home of Mrs. Eric Rosoman.

The Mara Badminton Club entertained Canoe in a friendly match on Friday evening. The visiting team were the winners.

Of interest to many in the district is the birth of a daughter to Mr. and Mrs. D. Bluelock, of Port Alberni, on February 28. Mrs. Bluelock is the former Evelyn Bell who attended school in Mara before going to reside in Armstrong with her parents. Later she moved to Port Alberni where she was employed before her marriage.

Mrs. Len Screen was able to return to her home here on Thursday evening from the Enderby Hospital where she has been a patient for two weeks. Although much improved in health she is still confined to her home.

James Oliver was a business visitor to Enderby last Saturday.

Mrs. A. Collins spent last Saturday in Vernon on business.

Mrs. C. W. Sismey and her two children, Dianne and Bobby, will leave shortly for Penticton where they will visit Mrs. Sismey for a short time. Mrs. Sismey, whose home is in Esquimalt, has spent the winter months here with her parents, Mr. and Mrs. S. Cuddy, while her husband, P.O. C. W. Sismey, R.C.N., has been stationed at Halifax, N.S. He is at present with the H.M.C.S. "New Liskeard" in Florida.

Mrs. Bert Anseth returned last

## Electricity Plant Installed By Ewing's Landing Store Owner

EWING'S LANDING, March 9. Bright lights shine at Ewing's Landing. Cecil Golding, who operates Golding's General Store, has installed a plant for the generation of electricity, and installed lighting fixtures in his residence, the store and Chinchilla Ranch houses. Power service is a utility which would be very welcome on the west side of the lake for lighting, pumping to orchards and household use.

Thirteen may be considered an

week from Regina, Sask., where she has been visiting her sister who is ill.

Mr. and Mrs. Gordon Morehouse, of Kelowna, spent the weekend here visiting relatives.

R. McKinley and H. Bergstrom were business visitors to Enderby last Tuesday.

unlucky number, but those interested in the conservation of game will not consider the killing of 13 cougars by Fred Melanchuk since the first of the year very unlucky. Mr. Melanchuk hopes to increase his score before the season is over.

Roads are in a very wet and muddy condition, but snow is melting fast and the spring breakup should not be long in coming.

A test made on apricot pruning discloses that there has been no frost damage and heavy flowering may be expected.

Tomato plants in the greenhouses at Nahun are showing a healthy stand and good germination.

Mr. and Mrs. Russell Bingham are leaving this district next week to take up residence on their property at Oyama, where they intend to erect a residence.

Mr. Bingham has been herdsman at Fintry for a number of years. He supervised the care of the well known Ayshire herd established by the late Captain J. C. Dun Waters, at Fintry.

## Don't Pour Your Syrup Into Your Radiator

Just neglect it for a few years ... and you can burn it up just as successfully.

If the radiator is dirty the water — or the anti-freeze — CANNOT circulate.

Let's clean your radiator especially if you're going to use expensive anti-freeze

OVER A MILLION CANADIANS WILL RECEIVE AN AVERAGE OF ...

**\$45.00**

Yes, the average cheque to 1,329,139 Canadians for 1942 Compulsory Savings Refunds will amount to 45 dollars. If you have a refund coming to you, it can mean extra spending money right now or it can provide extra savings for the future. But the very fact that you have done without it, makes this the easiest type of money to save.

Why not put your refund cheque away in a savings account at the B of M? There it will keep on gathering interest. It will be something you will be glad to have to meet tomorrow's opportunities or needs.

1942 Compulsory Savings Refund cheques will be mailed out in mid-March and dated March 31st. But the B of M and all other chartered banks in Canada have been authorized to cash refund cheques any time from the date of receipt.

Vernon Branch: R. C. McDOWELL, Manager

## of TWO who came back

by Lotta Dempsey

Of course, quite a few air force personnel got their faces smashed in crack-ups. But a girl ... well, girls have a very special feeling about their faces. And when they brought the tall slender WD corporal into hospital—one of the eight of twenty-seven left alive out of a flight that crashed between Vancouver and Prince Rupert—she was about the most unrecognizable Airwoman still breathing in this country.

They flew Helen—and Mary, another WD with a badly burned back—to Toronto's Christie Street Military Hospital, for skin grafts and burn treatment. A Red Cross worker told me she'd never forget it. The Red Cross room is in the heart of the ward, next door to the room those girls had.

For weeks workers just lifted in and out on their rounds—writing letters, supplying stamps, cigarettes and chocolate bars to the patients.

"No Visitors"  
One operation followed another through the weary months in which doctors built a new face for Helen and treated Mary's back. The girls became great friends with the Red Cross workers. But they didn't want to meet people from the 'outside', right then. Even

when the 'No Visitors' sign went down and Air Force boys and other vet. patients wheel-chaired and crutch-tapped in, they were still shy about seeing 'just people'.

The Red Cross was different. Those women in the deep blue smocks were part of their own submerged world of pain and illness, yet attached to the country outside. They did the little things the girls needed—feminine bits of shopping, letters and mementos, planned small celebrations.

New Trades  
As the girls progressed, going from one hospital to another for treatment, the Red Cross was always there. Supplying ambulances, at first—later, escorts to hockey games, concerts, plays. Offering quiet practical assistance whenever it was needed.

Today Helen and Mary are learning new trades. Helen can no longer teach physical education or typing, because of permanently stiffened fingers. But while DVA prepares them for their new lives, the Red Cross still stands by as they do with all our Canadian veterans in hospitals everywhere. In proof of this, the people have not forgotten.

Red Cross Services Include: Blood Transfusion, Outpost Hospital, Aid to Sick and Disabled Veterans, Treatment for Crippled Children, Disaster Relief, Nutrition Services, Home Nursing Courses, Swimming and Water Safety, etc.

The work of mercy never ends ... Give generously to

the CANADIAN RED CROSS HEADQUARTERS

BEHIND VERNON CITY HALL

## Cream Prices

(Continued from Page One)

British Columbia is now in Vernon. It is able to carry over 1,000 gallons of ice cream at a temperature of six degrees below zero. This huge machine has been attracting attention on Vernon streets lately. The association expects to operate it on a regular schedule between Salmon Arm and Osoyoos.

Among the new products of the co-op are chocolate coated revels made in a temperature of 30 degrees below zero. Variegated ice cream bricks are to be made also.

Vernon now has the largest ice cream manufacturing plant in the Interior. Finishing touches have not been completed. L. E. Antilla is taking over plant operations here under W. C. Cameron. Staff has been increased by two men, A. Enns, of Salmon Arm, and E. Klingspohn, of Vernon, who are starting work here Monday.

Cream and milk cheques for the month, totaling more than \$60,000 were mailed from Vernon Wednesday to almost 1,000 dairy families living between here and Revelstoke and in the Salmon Arm area. Settling rate for milk is \$3.64 f.o.b. plant for 3.5 test milk, or cream bricks are to be made also. \$1.04 per pound butterfat.

## Good News!

### McDonald's Footwear Ltd. Installs NEW X-RAY MACHINE to Aid Footwear Fitting!

McDonald's Footwear has added a new, Modern X-Ray machine to their up-to-date fitting service. It not only helps to select the proper shaped shoe but it also determines if the shoe fits properly as to length and width.

In this new X-ray machine the flesh as well as the bones are shown and is the only way to have perfect fitting shoes.

This is especially important to children; it eliminates the guessing when fitting children's feet, for it is well known that youngsters may not know "how the shoes feel" nor be able to express their opinions. This X-ray machine permits you actually to see the fit of shoes before they are purchased and worn.

HAVE YOUR SHOES X-RAY FITTED AT

## C.P.R. President Resigns Due to Serious Ill-Health

The resignation of W. M. Neal, C.B.E., as chairman and president of the Canadian Pacific Railway Company, due to serious ill-health, was announced following a meeting of the board of directors Monday afternoon in Montreal. Mr. Neal was elected to that post last year. He is well known in Vernon as the result of several visits here, the latest following his accession to the presidency.

Succeeding Mr. Neal as chairman of the company is George A. Walker, K.C., who has had a long and distinguished career in the legal department of the railway, and who for the past year has been a member of the board of the executive committee, as well as senior vice-president of the company.

Both Mr. Walker and Mr. Mather assume their new posts immediately.

Mr. Neal, who has been recuperating in Jamaica this winter from an illness of some months' duration, tendered his resignation upon the insistence of his medical advisors. He asked, under the circumstances, to be relieved of his responsibilities immediately, a request which was accepted with regret by the board of directors.

Chairman and president of the Canadian Pacific Railway Company since February 1, 1947, he rose in 45 years to chief executive of the travel system which spans the world.

He was in addition chairman of Canadian Pacific Steamships and Canadian Pacific Air Lines and president of the Canadian Australasian Line. He is vice-president of Consolidated Mining and Smelting Company, and his other directorships include the Minneapolis, St. Paul and Sault Ste. Marie Railroad, Canadian Marconi Company, Sun Life Assurance Company of Canada and Royal Exchange Assurance.

Born in Toronto, June 20, 1886, he joined the C.P.R. in 1902. His railway progress was rapid, and in 1922 found him in charge of the

W. A. Mather

Of Winnipeg, succeeds W. M. Neal, C.B.E., as president of the C.P.R. He is an operating officer of long experience, and an engineering graduate of McGill, who has been vice-president successively of western lines and of the prairie region, was selected president of the company at Monday's meeting.

rugged Algoma district as general superintendent at North Bay.

Two years later he was assistant to the vice-president at Montreal, and from 1927 to 1942 he was first general manager and then vice-president of western lines at Winnipeg. He returned to Montreal as vice-president of the company in 1942.

## Riding Club Elects Officers

At the annual meeting of the Vernon District Riding Club on March 2 the following officers were elected: president, Miss Phyllis A. French; vice-president, W. T. Cameron; secretary-treasurer, Miss Catherine Alkman; executive committee: Mrs. M. C. Boyd, M. H. Symonds (past president), E. A. Rendell, Bob Middleton and Bob Veale. Honorary president, Lt.-Col. D. F. B. Kinloch.

Following the election, a general discussion of the club's plans for the forthcoming season took place. The dinner meeting was followed by a very interesting address from F. H. Wilnot on showing horses and judging.

On Sunday, a luncheon meeting in Kelowna, was attended by executives of the Vernon, Kelowna, Penticton, and Okanagan Falls Riding Clubs. Purpose of the meeting was to organize an association or affiliated clubs in the Valley and to standardize the rules for horse shows.

An association was formed to be known as the Okanagan Light Horse Improvement and Show Association.

The executive of this body is as follows: president, Miss R. K. Owen, Penticton; vice-president, E. A. Rendell, Vernon; secretary-treasurer, Miss Phyllis A. French, Vernon; directors: Major Cameron, Lt.-Col. Poole and Lt.-Col. Van der Velde of Kelowna, Capt. Temple and Alan Hyndman of Penticton, Art Kraft, Mrs. E. Morgan and Mrs. Wm. Stevens of Okanagan Falls, and W. T. Cameron of Vernon.

It was decided that the association would join the Canadian Horse Shows Association. The newly formed association hopes to hold a horse show each year in one of the valley centres.

## Anglican Synod Elects New Bishop Of Kootenay

The Very Rev. F. P. Clark, Dean of Kootenay, has been elected Bishop of Kootenay.

Ballotting in the election of a Bishop of Kootenay in succession to the Most Reverend W. R. Adams, Archbishop of Yukon, took place Wednesday in the Anglican Synod at Nelson.

Delegates attending from this district are P. S. Sterling, Vernon, S. H. Northcott, Coldstream, and R. E. Hill, Lumby. Archbishop Adams is attending as assessor. Presiding over the convocation of 28 clergy and 40 to 50 laymen is Dean F. P. Clark, of Nelson.

Those nominated for election are Dean Clark and Archdeacon D. S. Catchpole, Kelowna, from the Kootenay diocese; Canon W. Askey, Winnipeg, Man.; Rev. G. P. Gower, of St. Paul's Vancouver; Rev. M. Larmouth, of St. John's, Shaughnessy; Dean F. N. Luxton, of London, Ont., and Dean W. Trendell, of Edmonton, Alta.

## Armstrong C.G.I.T. Attend Service in Zion United Church

ARMSTRONG, March 9—A large crowd of parents and friends attended an inspiring affiliation service in Zion United Church on Sunday evening. This is an annual service for the Canadian Girls in Training and was led by Mrs. F. E. Rummals, superintendent of the senior group, and Mrs. A. G. Linfield, superintendent of the junior group. Present also was Mrs. F. McWilliams, Presbyterian secretary of the C.G.I.T., from Kelowna, who assisted with the service and gave a very interesting 10-minute talk to the girls on "What you want to be and what kind of an old lady you want to be."

Prior to the affiliation service, F. Snowsall sang "The Lord's Prayer" and, following the service, "Western Hands Are Sure," a missionary film, the story of Dr. Archer's work in the church hospital at Lamont, Alberta, was shown. The Young People's Union formed the choir.

The mothers and girls were served supper in the church hall and the mothers had an opportunity to meet Mrs. McWilliams.

At a recent meeting of the Canadian Legion, Armstrong branch, plans were made for a bigger and better celebration to be held here on July 1.

### Injured Man Recovering

Friends will be pleased to know that Jack Clinton is now out of the hospital. While travelling along the highway to his home, just east of the city on Tuesday last week, Mr. Clinton was knocked from his bicycle in collision with a passing car, causing many bruises and cuts.

Mr. and Mrs. Henry Marten and their infant daughter, of Lumby, spent the weekend with the latter's mother, Mrs. W. Henderson Sr.

Mr. and Mrs. Alfred Henderson spent the weekend with friends at Peachland.

R. G. Lockhart, accompanied by Peter Smith, left on Sunday for the Coast. Mrs. Lockhart will stay here until the first of April. Mr. Smith went to Vancouver to attend the funeral of his grandmother, Mrs. Cowley.

Mrs. T. Stewart, of Kamloops, spent the weekend with friends in this city.

Miss Meryl Fisher has accepted a position in the office of the Okanagan Garage.

Mrs. W. Watson returned last week after spending the winter with her son and daughter-in-law, Mr. and Mrs. Glennie Watson, in Kamloops.

Mr. and Mrs. Ernest Howard, of Mather, Man., enroute home from Vancouver, spent a few days last week at the home of Mr. and Mrs. F. Cantelon.

Miss M. Ross, R.N., who has been matron of Nukusp General Hospital and is now taking over the new Red Cross Hospital at Terrace, spent a few days last week in this city at the homes of her sisters, Mrs. L. Pement and Mrs. W. Sidney.

## No Legality

(Continued from Page One)

Council feels to a large extent is directly the result of the Cameron Report.

R.C. vs. A.C.

Mr. Freeman said the Coldstream had paid \$9,000 to \$10,000 for education before the Cameron Report and now was assessed \$18,000 without any improvement in facilities. He referred to costs "B.C." and costs "A.C." ("Before Cameron" and "After Cameron"). Although admitting that "inflation" had much to do with rising costs, he objected to the fact that Coldstream was without bonded indebtedness "B.C." and then had to assume part of Vernon's and Lumby's indebtedness "A.C."

"Vernon has no kick at all," said H. W. McIntyre, trustee from the rural areas.

"I wish you had to listen as I have to the City Council," replied chairman P. S. Sterling. "They think they are badly done by."

The trustees agreed their estimates were not out of line with those of other districts; that they could not submit to any reduction without seriously crippling education in the school district, and therefore, that they return the estimates for approval of the Vernon and Coldstream Councils.

Many long-winged, short-legged birds must have room for a takeoff like an airplane before they are able to get into the air.

## TOO LATE TO CLASSIFY

FOR SALE—75 acres close to good town school and city bus service. 20 acres under cultivation, balance timber and pasture; fair buildings. Price includes all farm implements, stock and poultry on place. Also two tons potatoes, \$5,000. W. A. Hanton, Rte. Commerce Bldg. Phone 631 and 432. 64-1

## C.C. Shares in Canada's Giant Pulpwood Industry

The pulp and paper industry is a giant among both Canadian and U.S. industries, Leander Manley, of Vancouver, told the Vernon Junior Chamber of Commerce on Wednesday of last week. Mr. Manley is secretary-manager of the western branch of the Canadian Pulp and Paper Association.

Today, Canada supplies three every five pages of the world's newspapers," he declared. "Last year, pulp and paper accounted for 45 per cent of all Canada's exports and for 45 per cent of all Canada's imports to the U.S.A."

British Columbia forest industries produce over 42 per cent of B.C. income, continued Mr. Manley, not quite double the income from the next industry, agriculture.

Equally important to providing Canadian jobs is the provision of American dollars from export of pulp and paper to the United States. Ninety-four per cent of newsprint is exported, 82 per cent going to U.S.A. Thus, for every American dollar that came to Canada last year, pulp and paper accounted for over 45 cents, over \$300,000,000.

Capital investment in the industry in B.C. is \$110,000,000. The payroll is \$14,000,000; value of production is \$55,000,000, and almost 10,000 persons are employed in B.C. mills and forests, with over 20,000 people dependent on the industry.

### Confusion Over Cold Stamping Ground

Rival claims in the Antarctic by Argentina, Chile and the British Empire's Falkland Islands dependencies are portrayed on these postage stamps issued last year. Argentina's claims lie between 25 degrees west and 74 degrees west longitude; Chile claims between 53 degrees west and 90 degrees west longitude; the Falkland Islands

dependencies' claim is between 20 degrees west and 80 degrees west longitude. The U.S., while making no claim, does not recognize the claims of other nations. The U.S. Board of Geographical Names calls the area "Palmer Peninsula," in honor of Capt. Nathaniel B. Palmer, who explored the mainland south of Deception Island in 1820.

## "Impatient Christian" Sees Hope in Atom Bomb Threat

The Rev. R. A. McLaren is an impatient Christian. He is glad the atomic bomb threatens to destroy the world because he sees in the threat the possibility of men being fired with a real Christian purpose and of their making a reality of "One World."

This was the personal impression made by Mr. McLaren when he addressed about 55 members and friends at the A.O.T.S. supper meeting in the United Church on March 3. He is founder and principal of the Leadership Training School at Naramata, opened last year to give young people of the four western provinces an understanding of the life of Jesus, proficiency in public speaking and ability in manual arts and crafts.

"The world has had Christianity a long, long time," said Mr. McLaren, "but it has been like having a tremendous dynamo dam and creating only enough light for the night watchman to read the newspaper."

There are so many men I would like to shake (into activity). If somebody could really touch the spring deep down that makes you work, we could really accomplish great things," declared Mr. McLaren.

Appealing for unity among the churches, he said, "It is too late a day to be fooling around in denominations. I think our house is burning around our ears."

Help Young People

In addition to individual purpose and unity of purpose, the third great need and challenge is work among young people, said Mr. McLaren.

"We have a young people who have an inferiority complex," and the speaker blamed it on parents who considered their boys "could not be trusted to drive the car around the block." But when a boy joined the Air Force he was given a Spitfire, Mr. McLaren remarked. "I would suggest he give his dad a ride. I wonder if fathers realize the wonder and bigness of a young man."

"We need to go deeper into what we write into the lives of boys and girls."

If all the money spent on education in Canada, from kindergarten through university and in research institutes, were doubled, and \$100-

But schools alone cannot do enough. There must be training to develop "a real, living, vital, meaningful purpose" in young people's lives. This is the aim of the Naramata training school.

It was started with \$9,000 solicited from a few people. Forty young people, 18 to 30 years of age, came and "lived in a suitcase" last fall. There are two terms, October to Christmas and New Year's to the end of March. The course emphasizes Bible study, varied training in woodwork, leather and other crafts, and public speaking.

It is hoped to encourage young people to enter the ministry. At the rate young ministers are being ordained against the rate old ministers are retiring, half the churches will be empty for lack of preachers in 25 years, said Mr. McLaren.

## Grindrod Enjoys Basket Social

GRINDROD, Mar. 8—The basket social and dance sponsored by the Grindrod Credit Union, held in the Grindrod Farmers' Hall on Friday night, was a great success. It is the first time in many years that a basket social has been held here and everyone was pleased to see them make a comeback. Clarence Tomkinson was the highest bidder for a basket.

The school children were asked to make posters advertising the social, and P. Ward, school principal, held a poster competition. Prizes went to: first, Lois Halksworth; second, Mary Matlock; third, Gordon Payne; fourth, Basil Anchokoski.

On Thursday and Saturday the Grindrod Badminton Club entertained Grindrod Salmon Arm club at a tournament. A very enjoyable time was had by the players, with Salmon Arm winning both matches.

Mrs. J. B. Sutherland, of Mara, spent Monday visiting at the home of Mr. and Mrs. J. C. Sutherland.

### Oldest Furniture in World

Furniture 5,000 years old, made by Egyptian woodworkers long before the first pyramid was built and still in good serviceable condition, is on exhibit at the Boston Museum of Fine Arts. This ancient wooden furniture is declared by experts to be the oldest in existence in the world today. It well illustrates the marvellous durability and lasting quality of woods.

There are about 245,000 grade and high schools in the United States.

## Kamloops Teachers Given \$300 Bonus For Cost-of-Living

KAMLOOPS — A \$300 cost-of-living bonus to reflect the rise in the official index last year, and adoption of a formula to relate teachers' salaries to future rises and falls in the index has been ordered by the three-man board of arbitration which recently sat in City Hall. The decision will add at least \$26,100 to the teachers' wage-bill of Kamloops Large Municipal School District No. 24 this year.

## Store Licences On Basis Need Penticton Plan

PENTICTON—Penticton's zoning commission, in the near future, intends to work out a policy governing store services in auto camps.

Meanwhile it is becoming apparent that the commission does not intend to have its program of suburban store control upset merely because the applicant for the right to operate a store is an auto camp owner. On this matter of control of store areas the commission has been very careful for several years.

So it may well be that the future policy will take the line of probing the need for a store in any locality first. That will be the determining factor and it may be regarded as more or less incidental if the inclusion is within an auto camp.

At the commissioners' meeting held recently Pat Hines appeared on behalf of Apple Grove Auto Camp and again sought permission for the right to erect a store on his camp property.

Later in the meeting, after considerable discussion, the request was turned down. It being pointed out that there was insufficient need to justify permission for such a store in that part of an "A" residential zone.

Mr. Hines, who first introduced his request a fortnight before, said he wished to cater to the needs of visiting tourists.

This point has not been overlooked by the zoning group, and the eventual policy to be recommended to council may suggest that all camps be given the right to provide certain restricted services. It is recognized that there could be many difficulties in working out such a plan, however, and the commission will give serious consideration to all angles before finalizing it.

## More Production Way To Check Inflation, Says Insurance Head

"The way to check inflation lies in the direction of expanding production of goods and services and in checking or even contracting the amount of effective purchasing power," said J. K. Macdonald, in presenting the 76th annual report of Confederation Life Association in Toronto, February 24.

"It seems that a first requirement is for governments to abandon their easy money policy and to effect economy in expenditure wherever possible. A period of prosperity seems a logical time to reduce government indebtedness to banks. Permitting interest rates to seek their natural level has, in the past, been an effective method of curtailing excessive credit expansion."

"Industry, labor and governments are faced with the most essential task of increasing production and the efficiency of labor and of adopting firm measures to arrest the vicious spiral of rising wages and prices."

Last year was the most successful year in the history of the company. New business written in 1947 was \$117,072,572, a gain of \$10,240,002 over 1946. Insurance in force increased by \$67,045,905 to a total of \$783,149,270, with assets and policy reserves increased to \$217,636,848 and \$170,908,430 respectively.

Mr. Macdonald reported that Confederation Life earned 3.68 per cent on its invested assets, a decrease of .01 per cent compared with 1946.

"This low interest return reflects the downward trend in interest rates for the last 12 years," he said. "This trend may now have been halted, but the low rates still pose a serious problem to insurance companies and prospective policyowners, because they tend to promote a rising cost of living and of life insurance."

### Production Of Canadian Butter, Cheese Decreases

The production of butter in Canada during January was down 8.8 per cent, a decrease of over a million pounds over January of last year, according to statistics from the Dairy Branch of the Alberta government. Canadian cheese production has suffered an even greater decrease of 43.2 per cent, or a difference of approximately 729,000 pounds.

## Urges Ukrainians Not to Be Communists "Stooges"

Ukrainian Canadians who adhere to the Communist Party were termed "stooges" of the party and charged with throwing "a stigma" upon all Ukrainians living in Canada, at a meeting in the U.K. Hall Sunday afternoon attended by some 350 Ukrainians.

John Hladun, former Labor-Progressive Party member who resigned from the party following a year spent at the International Lenin University in Moscow, followed up his charges with the declaration, "This small group has gained nothing more than the contempt of Ukrainian Canadians in general."

"When the Communist Party of Canada decided to set up a strategic organization of Muscovite nationalists, it was these Ukrainian victims who formed the core of what became known as the Association of Russian Clubs in Canada."

The object of this association, Mr. Hladun said, was to "promote the Muscovite language and culture in Canada and to disseminate Soviet propaganda through its press and other means."

He accused this group of having "denounced their Ukrainian origin" in order to call themselves "Muscovites."

"Because the Ukrainian people have been oppressed for centuries, they have developed the complex of adhering to any movement that has a hint of promise for emancipation," the speaker explained.

"For this reason, they were an easy prey for the communist agitators, like Tim Buck, Sam Carr, Stewart Smith and others, who

Those living in the Ukrainian Soviet Socialist Republic are "suppressed, dominated and exploited by the Muscovites," he said.

"The Muscovites are held a superior race and a source of inspiration to the other peoples of the Muscovite empire."

The speaker charged Ukrainian Soviet newspapers and books with "glorifying" Muscovite history, culture and literature.

"Ukrainian culture and literature is declared as an inferior by-product of the bourgeois-nationalistic tendency to segregate the Ukraine from the domination of Moscow," he said.

Narrow strips of flypaper around table legs prevent ants from becoming a nuisance.

cold-**

Tonight... do what most mothers do to relieve misery of children's colds: Simply rub warming Vicks VapoRub on throat, chest and back at bedtime. Results are so good because VapoRub's special relief-bringing action starts right away and keeps on working for hours during the night while the child sleeps. Often by morning most misery of the cold is relieved. Remember, Mother... when your children catch cold... be sure you get time-tested Vicks VapoRub.

### England Fights to Save Herself Economically

Just as in war-time, when every available piece of arable land was put to work to feed the nation, England now reverts to similar tactics in her effort to save herself economically. Using small tractors, men plough a section of a mile-long stretch of

roadside near South Mimms. Ploughing the roadside is the first stage in an attempt to add to England's food supply by cultivating wide verges on many roads for corn, wheat and barley production.

### Local I.O.D.E. Chapter Honors Veteran Members

Several members of the Chrysler Chapter, I.O.D.E., were honored at the March 3 meeting of that organization. As a token of appreciation for their splendid work for the Chapter over a long period of years, Mrs. S. H. Moore was appointed honorary regent, and Mrs. R. McIndoe and Mrs. C. Hainsine, first and second vice-regents. Mrs. H. R. Denison was elected secretary.

At the meeting, the members pledged themselves to continue the work they have been carrying out for many years, particularly the provision of clothing and comforts for the people of Britain. Special mention was made of the work done by the Coldstream Eskdale group, which, during the past few years, have made approximately 300 articles. It was decided to send three parcels a month to needy British families.

Convenors of the various projects were elected with the following results: Ex-service personnel and welfare, Mrs. K. Kinnard; British war brides, Mrs. A. F. Crowe; Boy Scout Association, Mrs. B. R. LeBlond; Girl Guide Association, Mrs. E. L. Cross; Christmas Seal committee, Mrs. R. N. Chambers; vacation stamps, Jessie R. Burke Memorial Cancer Fund, Mrs. R. W. Hunter; films convenor, Mrs. H. L. Courser; comforts and sewing, Mrs. C. Hainsine and Mrs. E. T. Oliver; British and European relief, Mrs. S. H. Moore; food parcels for Britain, Mrs. J. B. Beddome.

Mrs. P. R. Finlayson was appointed convenor of the reception and entertainment committee in connection with the Okanagan Valley Drama Festival.

### W.A. To Legion Holds Monthly Card Party

Mrs. L. Carswell won the door prize at the regular monthly card party of the Women's Auxiliary to the Canadian Legion held in the Legion Hall on March 2. Whist and cribbage were played and prizes were won by the following: cribbage: ladies' first, Mrs. B. MacLeod; ladies' consolation, Mrs. Burton; men's first, Mrs. Squire; men's consolation, Mrs. R. Shaver; whist, ladies' first, Mrs. Lockerley; men's first, Mrs. W. D. MacKenzie; ladies' consolation, Mrs. Billard; men's consolation, Mrs. A. Carmichael.

The W.A. held a delayed Christmas party on February 24 when

### Women's Society at Mara to Hold Bazaar

MARA, Mar. 2—The Mara Women's Society held their monthly meeting on February 25 at the home of Mrs. W. Harkness with a record attendance. Plans were made for a bazaar which will be held in the near future. The draw was won by Mrs. L. C. Rosoman. It was decided to hold the next meeting at the home of Mrs. L. O. Zettergreen.

Mrs. Len Screen is a patient in the Enderby Hospital, having been on the sick list for some time.

Eino Koskimaki recently returned to his home here from Rossland, having enjoyed a holiday with relatives.

Miss Shirley Whipple spent the last weekend with her parents in Oyama. Miss Whipple is the principal at the Mara school.

Mrs. C. Caell left last week for Pentiction, where she spent a few days visiting her son-in-law and daughter, Mr. and Mrs. G. Coy, before leaving for Vancouver to visit her sister, Mrs. J. Marchant, at Lulu Island.

Jean Bolen has returned to Escondido where she will resume her duties at the Provincial Mental Hospital.

Don Tucker, editor, The Enderby Commoner, was a visitor at the home of Mr. and Mrs. J. Keswick last week.

Miss Beverly Screen, accompanied by Miss Louise Klit, were Enderby visitors last Saturday. They visited the former's mother, Mrs. Screen, who is confined to the hospital.

Reino Koski left for Rossland where he will spend several weeks visiting relatives.

Mr. and Mrs. Rupert Davy left recently for an extended trip to the U.S.A. and Eastern Canada. It is the first time in over 40 years that Mrs. Davy has visited Ontario where she was born.

A number of Mara folks travelled to Camble on February 28, where they took in a "Leap Year" dance. J. B. Sutherland visited his son and daughter-in-law, Mr. and Mrs. J. Sutherland, of Grindrod, last week.

Mr. and Mrs. T. Gray and their son, Murray, travelled to the Coast last week, where they will spend two weeks visiting relatives. Mr. Gray is recovering from his recent operation.

Mara District will shortly have a union library which will be located at the home of Mrs. L. C. Rosoman, who will act as librarian.

The members and their husbands and friends gathered for an enjoyable evening of cards and games. Delicious refreshments, convened by Mrs. R. Hale, were served.

### Stagettes Will Sponsor U.B.C. Players in May

At the Vernon Stagette Club's dinner meeting in the Margaret Christie Tea Rooms on February 17, plans were laid to sponsor the University of British Columbia Players' spring production during May. This year the play is Sheridan's "School for Scandal."

After the business meeting adjourned, the members took part in a general discussion on public health and social welfare.

At the early February meeting, the Stagettes honored Miss Enid Denison prior to her departure for Victoria and a presentation, on behalf of her fellow members, was made by President Rhoda Foster.

Miss Margaret Ross was elected secretary for the balance of the year to fill the vacancy left by Miss Denison.

Members turned in many articles for the spring bazaar and tea, which will be held in the Burns Hall on March 10, and further plans were made for the affair. Refreshments were served during the evening by Hostess Miss Betty Openshaw.

### Falkland News Items

Mr. and Mrs. Colin McClaunie and their family were visitors at the home of Mr. McClaunie's family on Saturday.

Glen Colebank has returned to his home here after a long stay in Shaughnessy Hospital, where he received medical treatment.

### Centre Badminton Club Honors Young Member At Shower

OKANAGAN CENTRE, Mar. 9—Matches for the Badminton Club Cups are being played off during the next two weeks before the season ends. At the close of play last weekend, one of the popular younger members, Miss Pat Baker, who is to be married Easter Monday, was given a dish towel shower by the members. Dainty refreshments were served by Mrs. C. Fallow and Mrs. Chris Phillips.

The annual meeting of the Tennis Club was held on Saturday afternoon in the Community Hall with a good attendance. The president, Sid Land, was in the chair. After various items of business were attended, the officers and committee for the coming year were re-elected with the following results: president, Sid Land; secretary, Mrs. H. Van Ackeran; committee, Mrs. B. Baker, Mrs. R. Wentworth and H. Van Ackeran.

Miss Isabel Crandimire, daughter of Mr. and Mrs. D. Crandimire, returned at the weekend from Vancouver where she has been attending classes at the Youth Training Centre at the University of B.C. for the past two months.

Mr. and Mrs. Bateman, formerly of Oyama and more recently of England, have purchased a 10-acre block of the Rainbow Ranch and are now getting settled there.

Wash furniture with a light lather of lukewarm suds occasionally before waxing.

### Race Tolerance Topic for High School Orators

The topic "Racial Tolerance" has been chosen for the seven Vernon High School students entered in the third annual Knights of Pythias Public Speaking Contest which takes place in the high school library at 8 p.m. today, Thursday.

The student speakers are Grace Kurita, Patsy Laidman, Noreen La Londe, Walter Meronick, Bob Middleton and Tommy Davis. The contest is to determine who are the leading orators in the high school and to encourage them as well as all others interested to enter the K. of P. Valley competition, which will be held in Vernon in early April.

The first three contestants in tonight's contest will be vying for cash prizes of ten, six and four dollars.

Following the Valley finals, there is a provincial contest and then a North American competition, the winner of which receives a \$1,000 scholarship for any North American university.

Last year, a Vernon student, Tom Bullman, won the local contest and the Valley finals and emerged as the top provincial orator. It is hoped that this enviable record will not only be equalled but also excelled this time.

Egypt has an area of 362,200 square miles and a population of about 16,000,000.

### Falkland Women Donate \$100 to Playground Fund

The Young Women's Endeavor Club have generously offered to donate \$100 toward the fund for the improvement of the school grounds. Those appointed to the playground committee were Mrs. F. Adeock, E. Gotobed and R. Mattenly.

Falkland was well represented at the Old Time Dance at Westwood. Music was supplied by Greeno's orchestra.

Ten cars of friends and relatives motored to Kamloops on Saturday to attend the funeral of Miss Florence Hamann. Also attending the services at the United Church were the girl's sister, Mrs. A. Welfong, of Craig, Sask.; B. Trump and Gordon Dent, of Millner, and Charles Carson, of Pritchard.

C. Parker returned to Salsqua on Sunday after spending a week with his parents here.

J. Geiger, of Vernon, was a visitor at the home of Mr. and Mrs. B. Munsell on the weekend.

Mrs. O. Taylor spent the weekend with her daughter, Mrs. J. Franks, of Kamloops.

Mrs. Tom Currie returned on Monday after spending the winter months with her son-in-law and daughter, Mr. and Mrs. Robert Dent, at Vancouver.

Leonard Swift returned to Falkland on Monday after taking a three months' course at the Youths' Training Centre at U.B.C.

# OF INTEREST TO WOMEN

## Woman Speaker Argues "Oneness" Of All Mankind

Religion must be the cause of unity, Mrs. Viola R. China, West Vancouver, told a small gathering of ladies who attended Baha'i Faith afternoon tea on Sunday.

She advocated the merging of all religions the world over into one, the most important step to the realization of truth and oneness of mankind.

Pointing out that the present-day religion concept of religion is divided into 660 different divisions of faith, Mrs. China said Christianity as well as the other religions such as Buddhism and Mohammedanism together make up the cradle of our knowledge.

"We have now reached maturity," Mrs. China said. "We are now able to judge and investigate the truth for ourselves. Religion must be in accord with science and reasoning." Not only would the Baha'i Faith unite unity to religions but it could provide a "spiritual solution" to the economic problem, Mrs. China asserted. The Baha'i Faith teaches the need for universal language and for an international tribunal or court of justice for all nations.

According to the manifestation of Baha'ism who founded the Baha'i Faith in 1863, the citizens of Vernon are not citizens of Vernon, but citizens of the world, the speaker said.

Canadian Fashion

Pretty McGill co-eds—In centre, 18-year-old Christina Hartleben, is shown modelling bridal gown of white satin by Soper. At left is Eleanor Blumenfeld, looking real Spring-y in Kerner's brown bal-

lerina suit with red and gold striped petticoat. Charmingly posed at right, Lillian Wood, looks quite content in her Pickfair suit of gray worsted with Kelly green accessories.

## Vancouver Wedding Of Interest In Valley

A wedding of interest to many in the Okanagan, where the bride formerly made her home, took place in Vancouver on February 28, when Rev. J. W. Smith, of Colwood United Church, officiated at the double ring ceremony which united in marriage Mabel Frances, daughter of Mr. and Mrs. T. A. Harper, of Deep Creek, and John William Johnson, of Vancouver.

The bride wore a smartly styled dress of turquoise crepe with wine accessories. Her hair flowers and corsage were turquoise tipped white ornaments. She was attended by Miss Myrtle Withers in a grey ensemble with rose accessories. The groomsmen were William Grant.

A reception was held in the Connaught Room of the Hotel George. Receiving the guests with the bride and the mother of the bride, Mrs. S. Best, of Kamloops, and Mrs. V. Blackburn, aunts of the bride, presided at the urns. The toast to the bride was proposed by William Cairne.

Out-of-town guests at the ceremony included the bride's sister, Miss Dorothy Sharpe, of Salmon Arm, and the bride's cousin, Mrs. John McCulloch, of Vernon.

After a short honeymoon in Seattle the young couple took up residence in Vancouver.

## Japanese Guide Patrol Formed

Friday night was "Guide Night" in the Bella Vista Hall for all members of the Holly Patrol, a new, all Japanese patrol, attached to the First Okanagan Landing company.

Mrs. H. L. Courter, divisional Commissioner, presented each new Guide with her Guide pin, symbol of membership in the Sisterhood of Guides. The girls who had recently passed their tenderfoot tests each recited the Guide promise and returned the Guide salute.

Then the new patrol put on a candle lighting ceremony which was highly effective, and later the whole company joined in singing Guide songs around a camp fire.

Following "Taps," refreshments were served to parents and brothers and sisters of the Guides. The following Guides were present for the important occasion: Miss G. Nichols, district commissioner; Miss A. Chouveau, divisional secretary; Miss Joan Northcott, lieutenant; Miss Goldstrom Company, Miss Olive Cook, lieutenant, First Okanagan Landing Company, who formed and trained the patrol, hopes to get enough girls to make up an entire Japanese company in due time.

## Falkland P.T.A. Hears District Health Officer

PAIKLAND, March 8.—Dr. Edvard West, director of the North Okanagan Health Unit, addressed a meeting of the Falkland P.T.A. on March 4. Dr. West spoke on the work of the health centre he represents.

Following the lecture, a meeting was held with P. Adcock acting as chairman. A variety of topics were discussed and it was suggested that the local traffic officer be invited to address the school children on the rules of the road. The proposal was made by T. Smith, the Falkland milkman, who on his milk rounds is in a position to observe the actions of younger children in regard to traffic.

## Friends, Future Attract South African Family to Vernon

"It was a toss-up between Canada and New Zealand. But we know more about Canada, and it seemed to offer such a big future to the children..."

That is how Mrs. A. A. Creed, a young mother of five children, told of a decision which led her husband to bring the family out from South Africa to take roots in Canadian soil.

Friendship steered them directly to Vernon. In South Africa, their closest friends happened to be relatives of Mrs. and Mrs. S. P. French, with whom the Creed family is residing temporarily.

As they were trying to decide which part of the Dominion would be nicest to live in, a letter came from Mr. and Mrs. French, offering sanctuary in the Okanagan until the family could find a place to live.

She Means It

And so, they are here; have been for nearly a week and a half now, and Mrs. Creed is enthusiastic. "I love it," she said, sort of breathlessly, as if she really meant it.

"I find that everyone is easy to get on with. I've already made friends here in the short time we've been here—people that I really like."

The Creeds are at present looking for a fruit farm in the Vernon district. It will have to be some place they can build their hopes and dreams around, for they never intend to go back to South Africa, feared for children.

Mrs. Creed feels there may be trouble in South Africa between the natives and the whites some time in the future. Her friends, she said, always waived aside her vague fears with the words: "Oh, well, it won't happen in our generation, so what are you worrying about?"

She was, frankly, worried about the future security of her children. Now, three of them, two boys and a girl, Kim, Dio and Erica, are attending Vernon Elementary School, while another little girl, Nyal, aged three, and her baby brother, Ingvar, are at what is temporarily "home."

The slightly built, blond haired woman who is Mrs. Creed, will shrug her shoulders if you suggest it must have been quite an undertaking for such a large family of youngsters (The eldest is 10.) to make the trip by ocean liner, first to England and then to Canada.

No, sensibility did not pass them by. All of the children were victims of the malady when the sea was rough for a few days of their journey.

But "Montreal was like an oasis in the desert," Mrs. Creed said. From the moment they landed, everything went smoothly, as the

## Oyama W.I. Sponsors Bridge, Whist Party

OYAMA, Mar. 10.—The Kalamalka Women's Institute sponsors a bridge and whist party on Friday night, March 5, in the Community Hall.

A horticultural lecture and colored slides by Dr. Parker, of the Summerland Experimental Farm, had been arranged in conjunction with the card party, but Dr. Parker was unable to be present.

About 50 people were present for

the cards and the prizes awarded which were as follows:

About 50 people were present for the cards and prizes awarded were as follows: Bridge, ladies' first, Miss H. Dewar; men's first, R. Allison; ladies' consolation, Mrs. W. Hayward; men's consolation, J. Foley. Whist, ladies' first, Miss V. Wroblek; men's first, Mr. J. Young; ladies' consolation, Miss A. Jennings; men's consolation, J. Sterling.

Mrs. R. Tucker was in charge of the cards and refreshments were conveyed by Mrs. H. Byatt and Mrs. W. Lee.

## Honor Miss M. Gibson On Leaving Vernon

The members of the W.A. to the Anglican Church, the Senior and Junior Parochial Guilds and the Chancel Guild gathered at the home of Mrs. H. DeBeck on March 2 to honor Miss Mabel Gibson, who will leave today, Thursday, with her brother, Rev. Canon H. C. B. Gibson, for his new parish at Agassiz.

On behalf of the members of the W.A. Mrs. A. J. Doull presented Miss Gibson with a diocesan life membership in the W.A. along with several personal gifts. Mrs. DeBeck, president of the W.A., in presenting a writing case from the Junior Guild and a number of other gifts, praised the work done by Miss Gibson during her years in the city.

## Medical Massage

WALTER J. HARRIS  
wishes to announce that he has moved to his new offices in the KALAMALKA HOTEL, Main Floor.  
Hours: 2 to 6 p.m. or by Appointment  
OFFICE 777 Phone: RES., 2001R

Only  
1 Cup of Meat  
IN THIS

Delicious Chicken Puff

1 1/2 cups flour  
2 teaspoons Magic Baking Powder  
1/2 teaspoon salt  
2 eggs  
1 cup milk

1 cup chicken, cut fine  
2 teaspoons minced onion  
1/2 cup grated raw carrot  
2 tablespoons minced butter or chicken fat  
1 1/2 cups chicken gravy

Mix together flour, baking powder and salt; add beaten egg yolks and milk. Add chicken, onion, grated carrot and melted fat and mix well. Fold in stiffly beaten egg whites. Bake in greased baking dish in hot oven at 425°F. for about 25 minutes. Serve with hot chicken gravy. 6 servings.

## Fire Sale Or Rummage Sale At Guild Tea?

A long table piled high with dresses, lingerie, children's wear and men's suit coats was cleared within three-quarters of hour at a rummage sale and afternoon tea held by the Young Women's Guild to Knox Presbyterian Church in the Burns Hall on Saturday afternoon.

"It's the fastest sale I've ever seen," said Mrs. G. Davis, guild treasurer, who reported \$80 of the \$100 total receipts came as if in a windfall during the first period immediately following 2 p.m. opening time.

"It was our first attempt at money-raising," she explained. The members who have recently formed the group found the results on the whole "most encouraging." They include Mrs. C. Gordon, president; Miss Doris Nicklin, secretary; Mrs. Davis, treasurer; Mrs. J. Pollis, Mrs. A. Walker, Mrs. A. Armstrong, Miss M. McEwen, Mrs. Donald Garrow, Mrs. Boer, Mrs. K. Bell, Mrs. J. McCulloch, Miss I. Wilson and Mrs. I. T. Davis.

One of these "things" they thought nobody would be interested in was an antique eight-day clock with a square marble base. It was bought at an auction sale 30 years ago when it was reputed to have had 75 years of worthy service behind it.

Mrs. R. McIndoe and Mrs. R. A. Ferguson assisted with the affair although they are not, actually members.

Many of the "salesladies for an hour" suggested anxious purchasers who practically bought up every article of clothing they could lay their hands on were obviously buying for needy relatives and friends overseas.

## Husband, Wife Musical Team To Perform Here

A husband and wife team in the persons of Frances James, young soprano vocalist, and Murray Adaskin, violinist and leader of the world renowned Toronto Trio, will perform for local music lovers in the Canadian Legion Hall, March 17 at 8:15 p.m.

The concert, sponsored by the Vernon Business and Professional Women's Club, is to raise money for the purchase of a community grand piano for the use of local and visiting artists.

Schubert's "Ave Maria" will be one of Frances James' feature renditions. She will also sing several numbers from the works of Handel and Beethoven. Mr. Adaskin, with his Stradivarius violin, will present Fritz Kreisler and Stephen Foster selections from his repertoire of popular classics.

Mr. Adaskin has just completed composition of "Three Movements for Full Orchestra" and his "Sonata for Violin and Piano" has attracted much attention from critics across Canada. Critics credit Frances James with "musical brains, technical skill and depth of temperament as well as a fine, full soprano voice and an amusing command of pianoism."

## Cherryville Women Too Bashful to Bid At "Shadow Social"

CHERRYVILLE, March 8.—The Leap Year dance held at the Cherryville Hall on February 28, was enjoyed by all who attended, but the ladies proved too bashful to bid when it came to the shadow social feature.

Joe Lesouskie bought a new Pontiac car last week.

John Stark returned on Saturday from Edgewood, where he spent a 10-day visit. He was accompanied by a friend, Margaret Baker.

Walter Whitecotton and his daughter, June, of Lacombe, Alta., arrived in Cherryville on Friday and are guests at the home of Loren Whitecotton. Mr. Whitecotton will return to Lacombe in a few days, but Miss Whitecotton has taken a temporary position as school teacher at the Richland School.

At Adak in the Aleutian Islands there are clear skies only about 1 percent of the time.

### Okanagan Soldiers in Yukon

Detachments of soldiers from "Western Command's Active Force units have commenced training in the bush country near Whitehorse in the Yukon. A welcome pause on the trail to rest and adjust packs and equipment. Shown above left to right, are: Pte. Bill Yurkosky, Penticton; Pte. Gilbert Avery, of Vancouver; Pte. Lee Rosko, Vancouver; Pte. Ray Tallyn, Nelson, and Cpl. Paul Lynch of Langley Prairie.

(Canadian Army Photo)

### Hospital, School Costs Discussed

(Continued from Page One)

spite the fact that two patients are admitted from unorganized territory to every one from the city, this Government persists in its refusal to finance capital expenditure for a new building beyond one-third.

"I have a suggestion that is simplicity itself—bring in an amendment to the Health Act which would enable the voters in a large Health Area, rather than Vernon City, to vote on the capital cost of a hospital. If approved by the electors, the cost could then be spread over the entire area and this would result in the organized areas paying their proper share.

"Speed is the important factor, as the Vernon hospital is already under construction. There is a balance of \$150,000 still to find and I urge the Government in the strongest terms to pay \$100,000 of this amount.

"Our hospital is one of two in the province that operated last year at a profit and paradoxically enough it will in all probability be refused any help for that reason. Our local program is capital expenditure, not upkeep or maintenance, and presumably with a new plant the directors could still operate at a profit.

#### School Costs

"School costs are mounting by leaps and bounds and every last ratepayer is vitally concerned over the fantastic estimates school boards are placing before local councils for approval. Such estimates are not being complained about in themselves, but rather because of the unequal and unfair share being thrown on the municipalities.

"I repeat what I said two years ago and that was to urge the government to implement the most important recommendation of the Cameron Report which is to be found on Page 81—that the basic or provincial program be supported by basic grants consisting of:

- (a) A provincial salary schedule;
- (b) An allowance for posts of special responsibility;
- (c) A bonus for teachers in especially remote schools;
- (d) An allowance for current expenditures other than teachers' salaries, transportation and debt charges.

"That the basic grant to each school district consist of the actual expenditures for each of the items (a), (b), (c), (d) or the amounts allowed for these items, whichever is less.

"The municipalities find they cannot collect for school purposes in the unorganized districts on the basis of 1946 assessments and the government refuses to allow the municipalities to make any change in their mode of financing to help the situation. This means in effect that the cities, not the government,

are giving relief to the unorganized districts.

"In the name of decency I urge the government to make additional grants to various municipalities affected. Petitions and resolutions are already in the hands of the government and to say more would only labor the subject.

#### Magistrates' Salaries

"There is one small item that I have pressed for since entering this House and that relates to magistrates' salaries. Magistrates are paid by the cities, but are appointed by the government. It is an anomaly that requires correction. I submit it would be right and proper for the salaries to be paid for out of the consolidated revenue fund and that the magistrates be put on a contributory basis for pensions. At the present time they get a pension at the whim of the City Council and I have yet to hear of a police magistrate retiring on a pension. His services are made use of until he is 75 and then he is dropped like a hot potato.

#### Irrigation

"There are 2,000 acres of land in and around Vernon that could be irrigated to advantage, but in accordance with departmental policy the irrigation districts have been reducing irrigated acreage. This has been due to two factors, lack of water and lack of money.

"I would like the government to adopt a water policy of 'back to the land.' Thirty years ago the then government took a bold step at Oliver and converted a desert into a veritable paradise. It proved a wise venture; today the same thing could be done in the Vernon area, not to mention scores of other districts.

"I commend to the government the possibility of working through the Federal authorities under the P.F.R.A. It would be nothing short of a calamity to allow these great areas to dry up when they could be brought into service for people across the seas, hungry for fruits and vegetables.

#### Silver Star

"We have a beautiful park in the North Okanagan—the Silver Star Park—which requires a road. This park is surrounded by a peak called the Silver Star and those who have taken the trail to the top have marvelled at its breathtaking beauty, and the tourist possibilities it possesses. In this respect it would be an asset to the province as a whole. The distance from Vernon to the summit is 13 miles. A public highway goes within seven miles of the summit.

"I commend the Minister of Lands and Forests for the sympathetic hearing he recently gave me when the proposition was placed before him and in particular for his offer to have a proposed road surveyed. I am confident he will be more than pleased at the conservative figure that will be placed before him to cover the cost. Believe me, whatever the cost, it will come back to the treasury many times.

"I am not suggesting this road be built by the Honorable Minister of Public Works, but rather by the Minister of Lands and Forests. I know he has on hand an ambitious program on the North Shore, but I suggest it would be infinitely better to spread his vote around the province rather than concentrate at the Coast as is now being done.

#### Kamloops Road

"Last year, everything went exactly as planned and right on schedule—14 miles of hard surface including the Little Orphan Annie—the Okanagan Landing Road. There is still much to be done and I hope the Honorable Minister will continue to give priority to that awful stretch between Vernon and Kamloops—72 miles of grief—an affront to the travelling public. I make my request in the strongest possible terms—concentrate on that highway and many other sins of omission will be overlooked by a thankful electorate.

#### Pensions

"There is just one word I must say on behalf of our senior citizens. We now give them an allowance of \$40 which is within striking distance of the \$50 objective. We must not rest content until we persuade the Federal government to abolish the means test—there is no more excuse for it than there is in the matter of family allowances.

"I realize the content of Ontario

and Quebec must first be obtained. To their shame be it said that these two provinces, and one of them the wealthiest of all, are a constant drag on the wheels of progress.

#### Game Grants

"Last year, Mr. Speaker, the Honorable Members approved an increased budget for the Game Branch, but as it was then pointed out, the increase has cost our people nothing. Let me, however, sound a note of warning. It will be necessary to spend larger sums than ever to maintain our game birds and fish. Never believe, however, in spite of what some may tell you, that this money is spent foolishly. It brings in tourists by the thousands and the name of B.C. as a sportsman's paradise is carried across Canada and the U.S.

"I, for one, would be greatly concerned if I thought for a moment there was to be any decrease in the vote for the Game Branch. To the country Members in particular I would say 'get on your hind feet and protect our B.C. game, for yourselves and posterity.'

#### Medical Faculty

"I am somewhat disappointed to find no mention of the U.B.C. in the Throne Speech, particularly the Faculty of Medicine. Must we sit idly by and continue to watch our young people leave this province? Mark you, once they leave they are gone.

"I suggest the government give consideration to the amendment of our University Act with a view to compelling the government to act quickly. Be sure, that the people will hold the Honorable Members responsible and not the Governors at U.B.C., if we fail our young people at this time.

"And so I urge an announcement may be forthcoming from the Governors concerning the Medical School before this House progresses."

### Armstrong Cyclist Injured in Collision

ARMSTRONG, March 6—At 6:15 Thursday evening Jack Clinton was in collision with an auto on No. 5 highway north of town. Mr. Clinton, who was riding his bicycle, was thrown to the pavement and suffered severe abrasions and bruises to his face and legs, necessitating hospital treatment.

The driver and occupants of the car, who were from Salmon Arm, transported Mr. Clinton to hospital and made reports to the local police.

Mr. Clinton returned only recently with his bride from the East to manage Henry Hope's blacksmith shop while Mr. Hope is recuperating from his lengthy illness.

Linen, made from flax, is one of the oldest textiles.

### Six Hand Basins Cost \$75 In Police Court

The theft of six hand basins from the War Assets at the military camp cost James G. Smith a fine of \$75 and costs when he pleaded guilty to the charge in District Police Court before Stipendiary Magistrate William Morley on February 27.

Smith was a former guard for War Assets at the military camp. The theft took place in May of last year.

### B.C. Shares

(Continued from Page 13)

400,000 tons over the pre-war average. By 1950 this country expects to show an increase of nearly 500,000 tons over the 1946 record.

Present capacity is 4,350,000 tons a year. This is nearly two and a half times the current newspaper production of U.S.A., Britain, Sweden, Norway and Finland combined.

About 50 Jaycees were present to hear Mr. Manley. They included six new members and the following Kelowna guests: Malcolm Chapin, regional chairman; Roy Hunt, past president; Douglas Montleth and Cecil Lewis.

The Jaycees will conduct a city-wide clean up campaign from April 5 to 9. In this connection, they are planning a contest among the school children and improvements to a pensioner's home as an example of what can be accomplished with a little paint and elbow grease.

### New! Delicious! Peanut Butter Muffins!

Take only 1/4 cup sugar—and so easy!

**ALL-BRAN PEANUT BUTTER MUFFINS**  
 1/2 cup peanut butter, 1/2 cup Kellogg's All-Bran, 1 cup sifted flour, 1 egg, well beaten, 1/2 teaspoon salt, 1/2 cup milk.  
 Blend peanut butter and sugar thoroughly; stir in egg, milk and Kellogg's All-Bran. Let stand until most of moisture is taken up. Sift flour with baking powder and salt; add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full and bake in moderate oven (400°F.) about 20 minutes. Makes 10 muffins.  
 What a flavour combination—creamy peanut butter and nut-sweet All-Bran! And the delicate toasted shreds of All-Bran give these muffins a soft, tender texture that melts in your mouth! Clip the recipe and get Kellogg's All-Bran today. P.S.—Don't forget! Saturday is muffin day!

## KNOW YOUR TREES

Sitka Spruce (Picea sitchensis)

A coniferous tree occurring on the coast of British Columbia, particularly on the Queen Charlotte Islands. Found mainly at low elevations, generally in moist, coastal alluvial and sandy bottoms, along streams and especially on moist slopes facing the sea. Best growth in constantly moist, deep, rich soils and humid atmosphere. A large and massive tree when fully grown, often attaining a height of 125 to 200 feet and a diameter of 4 to 6 feet.

An excellent pulp species. Suitable for high-grade finishing lumber, veneer, cabinet construction, soundings, boats and oars. Particularly valuable for airplane construction.

Wages in British Columbia's Pulp and Paper Industry are the highest for the industry in Canada.

YOUR FORESTS ARE YOUR DAILY BREAD...NOW AND IN THE FUTURE

Be kind to little trees...

## Westwold Pupils Win Junior First Aid Certificates

WESTWOLD, March 5.—Students who took the St. John Ambulance Junior First Aid course, under the instruction of E. E. Hewer, passed the examination given them on December 11. They received their certificates on February 27 at a social evening put on by the teachers and the entertainment committee in the Community Hall. A great deal of credit is due Mr. Hewer for creating an interest in this course and for his able instruction.

The following are the names of those who received certificates: From Grades V and VI, Rita Abel, Peggy Clementson, Betty David, Eleanor Masur, Sherry Thompson, Jean Pringle, Grace Struthers, Barry Hobbs, Billy Jones, Jim Morrow, Jack Simpson, Val Simpson, Ben Struthers, John Struthers, Albert Wessell, Hank Wessell; from Grades VII to X, Helen Elliott, Mildred King, Yvonne Leowen, Florence McLeod, Maria Schmalz, Dorothy Simpson, Iris Stewart, Betty Struthers, Ruby Taylor, Thelma Wessell, Joe Abel, Robert Clementson, Kenneth King, Tom King, Tom Masur, Kenneth Portman, Phillip Pringle, Val Pringle, Donald Ralson, John Sawchuck, Jack Simpson, Wilfred Simpson, Clifford Stewart.

This course may be followed by a senior for those over 16 years of age and Mr. Hewer has offered to instruct such a class if there is sufficient interest.

**W.I. Organized**  
 The women of the district met at the home of Mrs. Rod Jones on February 28 to organize a Women's Institute in Westwold.

Eighteen women joined to form the 206th Women's Institute in B.C. Mrs. L. Elliott, Mrs. F. Abel, Mrs. H. Wessell, Mrs. D. Jones and Mrs. R. Jones were chosen directors and, from these, Mrs. R. Jones was elected president; Mrs. H. Wessell, vice-president; and Mrs. D. Jones, secretary-treasurer. A letter from Mrs. Stella Gummow was read, in which she sent best wishes for the success of the new Institute. Refreshments were served to close the pleasant afternoon.

The annual meeting of the Farmers' Institute was held in the Community Hall on February 25. There were 24 paid up members in 1948; which is a record number since the Institute was organized in 1938. The following officers were elected at the meeting: President, Evander McLeod, re-elected; secretary-treasurer, J. R. L. Clementson, re-elected; Ben Buhler, vice-president; L. Elliott, H. Culling, D. Loewen, R. Hodgson and R. Dunn, directors. Discussion on topics of local interest were carried on, after which the meeting was adjourned.

When the Junior W.A. met at the home of Miss Betty David they were presented with a book and a picture as prizes for their Treasure Chest, which they entered in competition last fall.

### Grasshopper Mice Common

The grasshopper mouse is common to certain parts of Western Canada; it is also known as the scorpion mouse in the United States. Grasshopper mice may be identified by their sturdy form, short, thick tapering tail and bi-colored body, dark drab brown above and clear white beneath, extending to the feet. They subsist chiefly upon insects but, on occasion, will attack and kill other mice for food.

## CUT FOOD COSTS

CATELLI Ready Cut MACARONI

LABORATORY TESTED Scientifically Packaged To Retain all its Goodness and Quality

### With Steel Helmets and Power Saw

The modern logger is equipped with power saw and steel helmets, a considerable improvement over the old spring board, axe and crosscut saw equipment. Steel helmets protect the men from falling snags; the power saw is more efficient and speedy. It is economical because trees may be cut much closer to the ground, eliminating the high stump wastage occasioned by the old axe and crosscut saw method of felling. These modern loggers are felling a giant hemlock tree which will be converted into pulp for processing into rayon. British Columbia's pulp and paper industry maintains over 1 million acres of forest lands on a sustained yield basis. These forests are operated under various government leases and tenures.

## Anglican Church Members Review Debt Free Year

An exceptionally good attendance marked the annual parish meeting of All Saints' Church in the Parish Hall February 26. "Best of all—we are free of debt," said Peoples' Warden L. R. H. Nash. The parish ended 1947 with a cash balance of \$296.29, with cash in trust account of \$200. Expansion with regard to more workers is vital with the rapid growth of the city, said Chairman Canon H. C. B. Gibson, presiding at his last parish meeting after 26 years in Vernon.

Total receipts from all sources last year were \$7,600. Envelope collections for the last year totalled \$2,314. Open offertory was \$1,490. Church Organizations  
 Reports from organizations included one from the Parochial Guild president, Miss M. Gibson. This organization has 18 paid-up members. It co-operated with the junior branch in all parish work, bazaars, decorations, Deanery supper, and booth at Vernon Industrial Exposition in 1947. Miss Grace Nichols was 1947 president of the Junior Parochial Guild. Its activities include spring and fall bazaars, helping with refreshments for teas, socials and children's parties. A total of \$844.13 was reported from Spring and Christmas bazaars sponsored by both these groups of ladies.

Attendance of Anglican Young Peoples' Association at regular meetings averaged 15 during the year, with junior branch attendance 18. Mrs. H. deBeck is president of the Women's Auxiliary. Receipts for last year were \$236. A flourishing junior branch has been organized under Mrs. A. V. Laban. Little Helpers function under Mrs. Hugh Dale.

Several new voices have lately been added to the choir, under organist and choirmaster J. A. Manson. H. Worth is president. Special thanks was tendered Mrs. C. M. Watson for 25 years' "faithful work"; also special mention was made by Canon Gibson of the Chancel Guild, and their care of flowers, brass, communion linen and plate.

During 1947, there were 41 baptisms; 25 confirmations; 29 weddings and 29 burials. Easter communicants numbered 207. Church Ceremonies  
 Canon Gibson said that during his 26 years of ministry, he had officiated at approximately 1,200 baptisms; 500 confirmations, between 500-600 marriages, and between 400 and 500 burials. "One of the greatest joys, and compensations, is baptizing second generation children," said Canon Gibson.

Church Officials  
 Wardens P. S. Sterling and L. R. H. Nash were re-elected. Church committee members elected were: P. A. Franco, A. E. Wilson, H. Fisher, R. G. Birch, H. Northcott, Eric Olmstead, Doris Backitt, Ted Harwood and William Read. Delegates to Synod in Nelson March 10 to elect a new Bishop of Kootenay.

**IMPROVE FARM TO MEET FOOD CRISIS ABROAD**  
 Modernization Speeded By Special Loans for Farmers  
 The foodstuffs Canadian farmers produce this year may mean the difference between health and hunger for millions overseas next winter. Thousands of farmers plan to increase production, although labor is scarce in many places. They'll do it by mechanizing their farms, repairing their equipment, acquiring more livestock, and other improvements.

Many experienced farmers will adopt a proven plan to finance these progressive steps. They'll arrange for Bank of Montreal Farm Improvement Loans. These loans cost only five per cent in interest. There are no other charges. Repayment can be made by convenient instalments over varying periods.

R. C. McDowell, loan D. of M. manager, invites farmers who wish to use their credit in this economical way to see him now.

## Films in Local Library Cover Varied Topics

The new basic deposit list in the Vernon Film Library contains 12 National Film Board reels covering as many different fields. These films are available for the months of March and April.

Topics for the films range from rural electrification to a glimpse into the importance of poultry breeding and marketing. Manitoba's plan for introducing hydro power to her farms on an area coverage basis is shown. Another power picture is that showing development of the resources of the St. Maurice River Valley.

In another film is given an account of a French Canadian farmer's year. All his activities are shown in different sequences. The "Face of Time" shows how Canada's first geologists pioneered in the field of charting the mineral resources. An outline of fur trapping and trading is also given.

### Race Nonsense

The ideas that all the people of the same "race" have the same good or bad qualities and that one "race" can be superior to all others are shown to be nonsense in the film, "Man, One Family." Other films demonstrate various forms of movie animation techniques and their uses; organization and operations of credit unions; a "screen magazine"; and a film on the nesting, feeding and migratory habits of many varieties of birds.

A very beautiful film in color is "Holiday at School," which shows art enthusiasts gathered together at the Banff Summer School of Fine Arts, pooling interest and sharing expert leadership high in the Rockies. This film will be in the Vernon library for March.

Some types of ants cultivate fungus for food while others keep certain breeds of caterpillars which they "milk."

## CALL FOR TENDERS

British Columbia Power Commission

## Whatshan Development

1. Sealed tenders will be received until 12:00 a.m., Pacific Standard Time, April 15th, 1948, by the British Columbia Power Commission, for the construction of a 12 foot diameter tunnel, approximately 2 miles long, together with ancillary works, near Needles, British Columbia.

2. Tenders shall be enclosed in a sealed envelope, marked "Whatshan Tender for Contract No. 1," and shall be addressed to:

S. B. MARSHALL, ESQ.,  
 Secretary,  
 British Columbia Power Commission,  
 918 Government Street,  
 Victoria, B.C. (P.O. Box 550)

3. Copies of the specifications, schedule of quantities and form of tender may be seen at the Commission's Office, Victoria, B.C., its Regional Office at Vernon, B.C., or at the office of the Secretary of Building and Construction Industries Exchange, 342 West Pender Street, Vancouver, B.C.

4. Each tender must be accompanied by a certified cheque, payable to the British Columbia Power Commission, in the amount of 15% of the total tender.

5. The Commission reserves the right to reject any or all tenders, and the lowest will not necessarily be accepted.

## Protection FOR SMALL ESTATES

Every estate deserves the safety of Trust Company protection. The smaller your resources, the greater the need to ensure to your dependants the utmost benefit from what you leave.

Any idea that a Trust Company is not interested in small estates, or that the fees of a Corporate Trustee are higher than those allowed an individual, may be dismissed.

The Royal Trust Company administers estates of all sizes; ten thousand or ten hundred thousand; each receives the same experienced care and attention, security and low-cost administration.

When you name The Royal Trust Company in your Will, as "Executor" of your estate, you afford added protection to those who depend on you.

Enquiries are always welcome. Let us help you plan your Will.

### Character and Justice

Vernon loses one of its best public servants when William Morley retires at the end of the month from the local bench after thirteen years' service as Police Magistrate, Judge of the Juvenile Court, and Specially Magistrate for the district.

The local courts over which Mr. Morley has presided since his appointment in 1935 are those on a level closest to the people and hence the responsibilities borne by the incumbent are onerous in the extreme. Each action, however personal; each decision, however small the problem in dispute, may be subject to the most searching scrutiny by his fellow citizens.

Character, therefore, is the key to the success or failure of the local magistrate in his discharge of duties on the bench and off. A magistrate who has the respect of his fellows finds his exacting duties immeasurably lightened. His associates respect his word and actions and the parade of offenders before him knows it has been accorded the full protection, as well as the judgment of the law.

Vernon has not always been so fortunate as to have a magistrate exemplifying these qualities. From the time he first occupied the local bench Mr. Morley demonstrated such qualities as immediately to rejuvenate the administration of justice on its local level. That prestige has grown and developed through the excellent administration given by the Magistrate, who now lays down his tasks at the not immature age of 78 years.

### Growing Pains—and Taxes

That British Columbia is suffering terribly from growing pains—a painful but not necessarily near-fatal disease—is the obvious inference to be drawn from the policy speech in the Legislature last week-end by Premier Johnson.

These pains are aggravated not a little by the problem of inflation which, as any consumer can testify, is an affliction by no means confined solely to governments.

Medicine to alleviate the government's growing pains is distasteful—the application of new forms of taxation. What shape these imposts will take has not yet been revealed, but prominent among them is a sales tax on purchases. Such a tax merits the closest examination. To secure the objective the source must be broad enough, and yet to impose it on everyday purchases such as food will further increase the already high cost of living.

Objectionable as is such a tax, it does appear to be the one source where large sums of money can be raised easily and efficiently.

The imposts on liquor can go no higher and indeed this source would appear to have hit its maximum revenue. The province gobbled up the wartime Dominion impost on gasoline.

The plain fact is that the people everywhere are demanding more and more services from their governments. British Columbia has now reached the stage where if their demands are to be met, then they must be prepared to pay accordingly. Many fundamental economic laws were temporarily thrown out of balance by the war and post war boom, but today these laws are again demanding recognition in an insistent fashion that will brook no further delay.

The case of old age pensions is in point. Three years ago these cost the province just under \$2,000,000; today the bill is 150 per cent more than that. These senior citizens are coming to B.C.'s more favorable climate in large numbers, at the rate of more than 5,000 per year, including our own citizens who reach the minimum age.

The pension is now \$40 per month, an amount not more than enough scarcely to maintain body and soul and certainly not in dignity. Demands are insistent that the rate be increased to \$50. Our own member, Mr. Morrow, made this appeal on Wednesday, and it is almost a universal cry.

In a time when the country generally has been experiencing the most prosperous conditions in its history the plight of the Provincial government stands as a rather grim warning. We have demanded social services to the tune of some \$20,000,000 per year; new roads for further vast sums, hospitals, schools. In addition, the municipalities and their various subordinate bodies are finding the going heavy, and should their revenues seriously decline none will verge on receivership in the not distant future.

New taxes undoubtedly will be levied and of these a sales tax appears most likely.

### Walk Green Morning

Trudging a winter scene, snow at our feet, the hills and valleys were most subtly sweet with green of coloring—not green of spring and summer:

there was no sound, not even liquid murmur

of brooks, except that we surmised their flow

under the chill ice-covering; below

the swamp stretched like a smoke into the fallow,

cool tide of tincture at the wood's hard elbow.

The chickadees were raucous in the trees; heads capped in black, chirping against the breeze,

they voiced their welcome; they, too, sensed the green,

the sap of life emblazoned on this screen.

MARGUERITE JANVRIEN ADAMS

### "Playing Our Game"

The trials of the Japanese war-makers draw to a close in a Tokyo which firmly believes that the victor nations conducting the trials are meditating a new war of their own.

In opening the final defense arguments, the venerable Simeon Uzuwa declared:

The Japanese were a peaceful race living within their islands until forced from their self-imposed seclusion by the western powers.

It is useful for the western powers to remember that it was American and British gunboats which first gave feudal Japan a rude lesson in the role of military force in a trade-hungry, power-hungry modern world.—Winnipeg Free Press.

Ten Years Ago—Thursday, March 10, 1938.

H. W. Galbraith was chosen president of the Vernon Board of Trade at the annual dinner meeting this week.—Plans for a processing deal whereby from 30,000 to 50,000 boxes of apples will be absorbed from the present stocks on hand, are nearing completion, according to the local "One Desk" committee.—Bralorne's "Gold-diggers" captured the Coy Cup when they trounced the fighting Vernon Blue-and-Whites 11-2.—Adequate lighting along Barnard Avenue stretching from the Court House to the Vernon Hotel was strongly urged at a meeting of the Board of Trade Tuesday.—Mayor Harry Bowman, who was taken seriously ill following the municipal elections in January, this week assumed his place at the head of Vernon's civic administration.

Twenty Years Ago—Thursday, March 15, 1928.

It will not be necessary to hold a poll next Saturday to elect trustees of the Vernon Irrigation District. At the nominations on Monday only five candidates were proposed. The personnel of the board will be: George Heggie, F. F. Wilkinson, three years; Major M. V. McGuire and G. A. Selveson, two years; T. R. French, one year.—Kelowna is to have a modern, 56 room hotel. It will be built on the site of the present Palace Hotel and work will be rushed, states Harry Broad, the manager.—Thirty-eight mills is the tax rate in Vernon for 1928. This was decided at a meeting of the City Council on Monday evening, and is a reduction of two mills over last year.—J. T. Murrie, of this city, was chosen president of the Canadian Horticultural Council for the ensuing year at the annual meeting in the east.—A deal is in progress for a change of ownership in the Kalamalka Hotel. P. H. Murphy will be the new owner provided the arrangement matures.—Members of the Vernon Hockey Club, intermediate champions of B.C., are to be guests of honor at a reception and presentation in the community hall this evening, Thursday.

Thirty Years Ago—Thursday, March 14, 1918.

The military equipment which has been stored in the Armory since the mobilization camp was broken up, has been removed to the Coast during the past week. The Armory will now be at the disposal of the 30th B.C. Horse.—J. Milligan states that he will re-open the Royal Hotel for business on the first of next month.—Spring is coming slowly this season, and though the city streets are bare of snow, it still lies deep in the hills. Hay is becoming scarce and cattlemen who had hoped to turn out their stock before this date are becoming worried over the situation.—Alderman Galbraith, at the City Council on Monday evening, said that the city should provide some form of recreation to keep boys off the streets at night. He suggested equipping some building as a gymnasium.

Forty Years Ago—Thursday, March 12, 1908.

The petition asking the Militia Department to authorize formation of a Mounted Rifle Corps in this city met with abundant approval from the citizens, as in a few days about 115 names were secured, and it was sent off to Ottawa this week.—Two important political conventions will be held here next month. On April 14 the Liberals will assemble to nominate a candidate for the Dominion Parliament and on April 23 a similar convention will be held by the Conservatives of Yale-Cariboo.—Hospital directors have completed all preliminary work in connection with the new building, and tenders will be called shortly.—G. C. Pilkey has commenced the erection of a new wharf at Kalamalka Lake, the first to be built at the government's expense in these waters. It will be 100 feet long with a forty-foot frontage, and will accommodate the new passenger and freight vessel now being constructed by Mr. Pilkey.—Fifty-one of Salvation Army immigrants came in on Monday morning.

Fifty Years Ago—Thursday, March 10, 1898.

The average daily attendance at the Vernon public school during February was 140 and the average attendance at Kamloops 135.—Harry Stevens left last week for Kamloops where he has secured a job in the C.P.R. roundhouse.—G. W. Parker, who owns a ranch on the "divide," has already sown a quantity of garden seeds.—Dr. Schon, late of England, is about to commence practice in Vernon.—Humor says that Claude E. Wood, who returned from California last week, is about to buy the property at Florida Point on Okanagan Lake from its present owners, who reside in England. The price is said to be \$10,000.—Both Conservatives and Liberals claim victory in the recent Ontario elections. In any event the result is very close.—Hon. Theodore Davis, chief justice and former Premier of British Columbia, died last week in Victoria.

## "Most Anything"

By STUART FLEMING

Next Wednesday is St. Patrick's Day. St. Patrick, you will recall, was the Scotsman who became the patron saint of Ireland. The Scots love to remind the Irish that St. Patrick went forth on his mission from Scotland. The Irish do not love being reminded of it. They have, of course, an answer. They claim that St. Patrick abandoned Scotland in favor of Ireland in order to seek the civilized companionship of the more congenial Irish. The Scots are equally quick to contend that he set out to spread the blessings of Christian humanity among the island barbarians. Probably they are both right.

It doesn't much matter. The damage has been done. Next Wednesday all sorts of people will wear shamrocks in their buttonholes, green neckties will adorn thousands of shirt fronts and the radio will play "When Irish Eyes Are Smiling" continuously for seventy-two hours. Worse than that, every radio comedian, real or imagined, will tell Irish stories in a dubious brogue and, generally speaking, the non-Irish ear will be surfeited with a flood of genuine and pseudo Irishism. It is indeed a depressing thought. Why, only last week, sellers of greeting cards were exhorting people to send St. Patrick's Day cards to their friends. The exhortation was not directed solely to Irishmen. Not a bit of it. It was a general enough suggestion to include even Eskimos who, for that matter, may be Irish at that. But I still think it is going too far.

The greeting card habit has secured a sufficiently fantastic hold upon the people of this continent without having to resort to any further insidious infiltration. There are cards enough now. There is, I am led to understand, one group of cards designed solely for those recovering from the effects of an appendectomy. I don't know what the greeting card versifier could possibly find to write about the gall bladder, but I'm willing to bet one of them will try. Anyway, greeting cards take care of almost every conceivable occasion except, perhaps, Burns' Night and St. Andrew's Day. The greeting card manufacturers have, quite sensibly,

spared themselves the frustration of trying to separate the canny men of the north from their penuries for bits of decorated paste-board.

Don't think for a moment that I am suggesting that the Irish should be deprived of St. Patrick's Day. They are entitled to it. Any other attitude would be unreasonable. After all, the English have St. George's Day, the Welsh have St. David's Day and the Scots pay their respects to St. Andrew and Robert Burns, one of whom is, I believe, the patron saint of Scotland. One cannot therefore object to there being a St. Patrick's Day, but one can, especially if the one happens to have a name like mine, object to being drawn into the observance of the thing willy nilly. And that, if you have not already guessed, is exactly what I am doing.

I never have been able to discover exactly what it was that St. Patrick did that justifies all the shenanigans. There is, of course, the story that he drove the snakes out of Ireland. If the snakes were really troublesome, this action was quite probably an excellent thing, but I had heard that there is another side to the legend. According to my researches, such as they were, it is possible that this business of driving out the snakes was one of the most astounding cases of mistaken identity in recorded history. As St. Patrick lived long before the age of stream-lined optometry and as he was notoriously short-sighted (this claim of shortsightedness is borne out by the fact that he went to Ireland in the first place), it appears that when he drove out the snakes he thought he was driving out the Irish. After the deed was done it was too late to retract and the event passed into history in the form with which we are familiar. I am not saying that this interpretation of the episode is correct or, for that matter, widely accepted, but I do draw it to your attention as yet another indication that the appraisal of great historical events is often altered by a shift in perspective.

Well, that should be just about enough damage done this week.

### Our Historical Society

It is encouraging that the Okanagan Historical Society is planning a campaign by which it is hoped to win a wider support throughout the valley.

This valuable organization has not hitherto had a definite "membership" list. Its support has arisen from the purchase of reports issued at various times, and the result has been a rather empty treasury, with a somewhat disorganized background of public participation.

The future intention, according to the recommendation made at a meeting here last week when a Pentiction branch of the society came into being, takes the form of a widespread appeal for definite memberships. There are no doubt a great many who would wish to be affiliated with this organization, and their interest will be quickened in token of the fact that the membership fee of \$2.50 will entitle that member to the next report-booklet issued.

As the plan proceeds, letters will be forwarded to many already known to be interested. But others, not contacted in this way, may forward their membership-subscriptions to Capt. J. B. Weeks, of Pentiction, the president of the organization.

The Okanagan Historical Society, over the years, has already made a splendid contribution to the valley's recorded annals, and has done this despite many difficulties. We feel that there are very many residents who would be glad to have a part in the effort of the future, and who, by this wider support, will make even more substantial and intriguing services possible. We therefore urge a generous participation in this worthy effort.—Pentiction Herald.

### Right Decision

After a long hard look, city councillors have refused to consider a resolution which would have made two years as councillor one of the qualifications for nomination to the mayoralty.

Unquestionably, a mayor without previous experience on council will spend his first year in office learning instead of leading. Nevertheless, it is for the citizens alone to say who of the taxpayers will be their mayor. It is their right, privilege and responsibility to name any qualified shareholder in the municipal corporation—that is, anyone who owns property. No other restriction should be tolerated.

### Democracy on The Off-Beat

Non-Communist wit continues to crackle around solemn Communist crackles on music. Overnight, dance music has become an expression of "capitalist breakdown" and simple folk melodies have become the appropriate vehicle for the Marxist theory of surplus value.

The fun is legitimate. The Communist decrees are both preposterous and vicious. Yet individualistic democracy does well to remember that Plato considered "music" (which also included poetry and dance) one of the chief elements in education for citizenship. He would certainly have agreed with the Communists that swing and boogie-woogie harm the character and weaken the foundations of the state.

Without Marxist dogmatism or Platonic puritanism, there is point in asking just what are the social effects of the nervous, restless rhythms, the poverty of invention, the cheap sentiment and banal sexuality of commercialized American jazz. This is not to underestimate the real musical contribution of jazz at its primitive best, closer to New Orleans than Broadway. It is merely to recognize that democracy must do by education what Communism seeks to do by decree.—Christian Science Monitor.

### Sissy Stuff at The Circus

The Ringling circus is being equipped with sponge-rubber cushioned seats and air conditioning. No longer will youngsters squirm on the hard grandstand seats, oblivious of mundane discomfort in their admiration of the beautiful bareback rider, the scholarly trained seal, the daring young man on the flying trapeze. No more will the sweat of honest excitement run down their cheeks. The circus—if you ask anybody who was a boy when it was hot, uncomfortable, and heavenly—is going slightly sissy.

Warning is hereby served, however, that they've gone about as far as they should go. Let no one tamper with the tattooing on the tattooed man with the object in mind of doing it over in pastel. Allow no impairment of the raucous beauty of the barker's spiel. Decline to tolerate any modifications in etiquette for the clowns. For that's real ho-boy stuff, and of such is the circus immortal.—St. Louis Post-Dispatch.

The modern version of the wine man is the one who can read the mind-writing on the Iron Curtain, in Czechoslovakia. We gather, the greenhorns are the Kremlin's.

When a fella loses his shirt...

That's when a man is really down. A fellow takes everything else before he parts with his shirt. That goes last. He values it too much.

The expression *lose your shirt* is used for good reasons. A good cotton shirt is something to cherish. The same amount of money could buy nothing of similar quality.

That applies also to cotton bed sheets, handkerchiefs, gowns, and scores of other items of daily use that are made of cotton. Cotton with its freshness, its washability, its resistance to sun and heat and its durability gives top value for your money.

You can bet your shirt on that!

What's all this talk about Saving money?

### IT ALL ADDS UP TO THIS:

Almost everybody admits that putting something aside every pay-day is a good idea. For one thing, it's a comfortable feeling to know that, come what may, there's a nice cushion in the bank to fall back on. For another, it's good for your self-respect to realize that at least part of what you work for is yours after the bills are paid.

Saving is far from easy in these days of high prices. But now, as always, the hardest

part for most people is making a start and establishing the habit of saving.

Opening a savings account at The Bank of Nova Scotia is a pleasant and stimulating experience in any case. And possibly, without quite realizing it, you've already accomplished the first step. If you have War Savings Certificates maturing, now is the time to talk to the Manager of our nearest Branch about using the proceeds to start building security for the future.

## THE BANK OF NOVA SCOTIA

H. D. Millar, Manager, Lumby, B.C.

## The RCAF offers everything a young man wants!

You'll learn about the operation of modern aircraft and technical equipment. You'll make friends... master a valuable trade under the guidance of experts. And while you're still young enough to enjoy it, you'll be able to retire on pension for the rest of your life.

You need no previous experience or special training. And you draw full pay from the start. You'll have a chance to see Canada... perhaps take part in thrilling and important exercises such as northern transport flights or summer photographic surveys. It's a job in which you can take pleasure and pride.

### YOU GET ALL THESE in the RCAF

- Continuous employment and pay.
- Technical trades training.
- Full opportunity for advancement.
- Progressive pay increases.
- Sports and recreational facilities.
- 30 days vacation a year with full pay.
- Medical, dental and clothing service provided.
- Retirement income assured.

Join the RCAF today!

### Rutland Contractor Injured In Accident

RUTLAND, March 9.—Fred Woslawski, contractor in charge of construction of the new box factory, lost two fingers of his right hand in an accident on Saturday morning.

Douglas McDougall, secretary of the Association of B.C. Irrigation Districts, underwent a serious operation on Saturday in the Kelowna hospital. He is reported to be still in a serious condition.

E. Muford was appointed Rutland representative on a committee chosen to consider the matter of a successor to Rev. J. A. Petrie, who is retiring. The committee was chosen at a joint board meeting of the various sections of the appointment, held in Winfield on March 4. Other Rutland delegates attending were P. L. Fitzpatrick, J. Charlton, W. D. Quigley and A. W. Gray.

Geraldine Gray, daughter of Mr. and Mrs. A. W. Gray, underwent an appendix operation at the Kelowna Hospital on Saturday morning. She is reported to be making satisfactory progress.

Frances James

Murray Adaskin

These two well known Canadian artists are being featured in joint recital at the Canadian Legion Hall, Vernon, on March 17th.

Their program far surpasses anything heard in Vernon previously, and this is indeed a rare treat for music lovers of the Okanagan.

This music fest is being presented by the Vernon Business & Professional Women's Club, whose endeavor has always been to present the very finest in musical entertainment.

## ☆ LETTERS ☆ Of General Interest

### U.S.A. vs. Russian Prices

Editor, The Vernon News; Sir:

There is a continuous propaganda amongst our new citizens of foreign birth in this district by stressing at every opportunity that workers in "Holy Russia" were so much better off in amount of pay, etc., than our Canadian workers. The following comparison from reliable "New York Times" should answer this in only fair comparison.

Do not overlook the fact this new influx here may make great differences in this district that can affect us all, and change the political setup here very much.

JAMES CAMPBELL.

Vernon, B.C., March 6, 1948.

Following is the comparative list of "prices" of basic commodities, compared as to how many hours the buyer would have to work to earn the cost in Russia and in the United States. It was prepared by the N.Y. Times from data of the U.S. Bureau of Labor Statistics, latest official Moscow prices, and prevailing prices in A & P Stores, Sears, Roebuck and neighborhood liquor stores.

THE SOVIET UNION*			THE UNITED STATES		
Commodity	Average Cost in Work Hrs. Min.		Commodity	Average Cost in Work Hrs. Min.	
Rye Bread, 1 lb.	31		White bread (enriched), 1 lb.	07	
Sugar, lump, 1 lb.	2 34		Sugar, lump, 1 lb.	05 1/2	
Calf Meat, 1st class, 1 lb.	5 15		Veal Chops, 1 lb.	34 1/2	
Salted Butter, (top grade) 1 lb.	10 42		Veal, (top grade)	29 1/2	
Milk, 1 qt.	1 18		Salted Butter, 1 lb.	48 1/2	
Eggs (1st class), 1 doz.	4 57		Eggs (large near-by whites), 1 doz.	38 1/2	
Tea, 1 lb.	11 00		Tea, 1 lb.	39 1/2	
Coffee, 1 lb.	14 06		Coffee, 1 lb.	22 1/2	
Beer, 1 bot.	2 51		Beef, 1 bot.	06 1/2	
Ice Cream, 1 qt.	7 55		Ice Cream, 1 qt.	40

### Thanks From England

Editor, The Vernon News; Sir:

Would you please thank the people of Vernon and district on my behalf for the food parcel which I received on February 2, 1948. This parcel of food was a little godsend for me and family. My two youngest children have never seen a rice pudding before and it was with great difficulty that they could be persuaded to try it. They said they didn't want any (haileston) pudding. Everything in the parcel was in perfect condition, thanks to the excellent way it was packed.

Perhaps you would like me to tell you of my family. I have three boys and two girls, ages, nine, seven, six, four, one and a half years. Enclosed are two snaps of children.

We live in a village, it being situated five miles from Lincoln which is the city. During the war the village was bombed, wrecking the church which took the brunt of the attack, thereby saving us all from destruction. Maybe you have some of your boys in the Vernon district who were stationed at Waddington Aerodrome. If any of your readers would care to write me, perhaps I could send them a little news of England that would interest them, for we are trying hard to put her on top again. Thanking you once again. Yours sincerely,

H. BOOTH.

"La Rosita," Wantham Road, Waddington, Lincolnshire, Eng.

### Okanagan Are At Coast

Editor, The Vernon News; Sir:

I predicted a band aurora to come on the night of February 14-15. Heavy snowfalls and clouds prevented that "Okanagan Arc" from being seen in your neighborhood, but that did not prevent the magnetic storm effect being recorded in Vancouver. I set up my transit with its four-inch needle exactly on zero of the scale adjusted to magnetic north. During most of the time predicted for action the needle oscillated from side to side through a range of four-tenths of a degree, and then settled down to zero, and stayed there.

It would be impossible for a surveyor to do any accurate work during such conditions.

E. C. THURUP.

2547 Wallace Crescent, Vancouver, B.C. February 28, 1948.

### Must Get Rid of Communists

Editor, The Vernon News; Sir:

"There can be no world peace until the Communist regime in Russia is broken out in control. I like the Russian people and feel sorry for them. They are kept down by fraud and force and there is not a trace of socialism in the country. In fact the socialists are their bitterest enemies. There are millions of the more enlightened Russians in slave camps and millions more on the way. How long this can last we cannot say. The Red Army is disillusioned after the terrible smashing by the Germans. Stalin had to tell them it was they who had beaten 'Japan' to account for their losses.

The foreign policy of Russia is based on the internal situation. They are afraid of war abroad and dread a revolution at home as they would then be torn to pieces. We are able to handle our differences without outside interference.

The Communists, under any name, are a fifth column to help the Communists of Russia in every

low, cunning way and everyone is a potential Quisling. They are traitors and should be treated as such and there is no rule to prevent the mildest democracy from freeing itself of them.

Geo. W. Paterson  
Ganges, B.C., Feb. 25, 1948.

### For a Cleaner City

Editor, The Vernon News; Sir:

Going along the street the other night, I heard a stranger remark: "I guess this must be the dirtiest town there is." Travelling through our residential districts, I believe anyone else would be compelled to come to the same conclusion.

Surface water draining off private property turns the sidewalk into something like an irrigation ditch. Hedges and shrubbery hang as much as two feet over the sidewalks, forcing pedestrians onto the road. If it is not this, the accumulation of sand and silt has the same effect.

It is high time our civic fathers gave thought to putting a bylaw through similar to the one governing business premises. Make householders responsible for snow and rubbish clearance on the sidewalks in front of their property. A little co-operation of civic authorities and a revival of civic pride might make Vernon a cleaner city.

Sid Ward.

Vernon, B.C.,  
March 8, 1948.

### Christ Not a Communist

Editor, The Vernon News; Sir:

In last week's issue of your paper a letter appears written by one Hubert Jones in which the statement is made by him that Christ was a Communist. Such a statement is extremely objectionable being absolutely false. It may have been made by him in an effort to encourage sympathy towards Communism. Mr. Jones is ignorant of what Christ stood for and it is hoped that his letter will not have an adverse effect upon any of the younger generation.

A. Gorse.

Okanagan Landing, B.C.  
March 4, 1948.

### Sincere Appreciation

Editor, The Vernon News; Sir:

As it is not possible to reach everyone personally, may we be allowed through the means of The Vernon News to convey to our many friends our sincere appreciation and thanks for the most generous presentation given to us on our leaving Vernon, and for the kind thoughts which prompted it.

Such expressions of generosity and goodwill warm our hearts and send us on our way with ever deepened affection for Vernon with all its associations of All Saints, of the community, and of the beauty spot where has been our home for 26 happy years.

On behalf of my sister and myself.

Canon H. C. B. Gibson.

The Rectory, Vernon, B.C.  
March 5, 1948.

### Four Kinds of Money

Editor, The Vernon News; Sir:

On reading my letter in the Vernon News last week, two omissions stand glaringly out. One was that I had overlooked in my glance over the world today, the great Bear (not the constellation), which has been reclining ungracefully on his steppes ever since Catherine made him sit up, but is now rampant and "rearing to go"; distant pastures always look greenest.

The other omission was that I had overlooked the City Hall. I can well imagine their relief though they might feel rather hurt. But the omission was not intentional.

Having still a little more to say about the money puzzle and man (a greater puzzle), may I continue?

But first a few words from my sponsor . . .

The late Lord Keynes held that there were four different kinds of money. (This number does not include the city hall's system of financing on the taxpayers' capital). They are fiat money, managed money, bank money (which is not money at all), and commodity money.

Bank money is, of course, an acknowledged debt and is a glorified system of I.O.U.'s. Fiat money (phony money), is state money so also is managed money, which at one time, before it became unmanageable, had some relation to gold—a commodity.

Strictly speaking, all money is commodity money, and all commodity money is unreliable; it changes according to the price of the commodity.

Money originated in barter and to all intents and purposes that's what it is today, with money used to split the exchanges in two—buying and selling. Shells, etc., are out of date in a civilized country like ours—or are they?

During the period that man has aspired to the title of homo sapiens, he has tried every conceivable kind of money, only to discard them all. Disgusted with material

things, he has turned to abstractions such as debits and credits, and it is doubtful if he is any better off. When the bank forms a favorable opinion of you, your credit is good, but to accept that credit is to exchange it for a debit, which is not so good.

Time was when money was wealth in itself, that is not the case today. But whatever money is used for it is still commodity money.

Mr. Philpott said that he would like to see a perfectly new currency, something original, something more satisfying for the people, rather than the present system, which is pleasing only to the government, trusts and banks. Perhaps the city hall can advise him on the subject. Their ingenuity and versatility is truly marvelous. Vernon ended her financial year with \$40,000 in the black—So also is the shroud black. They have overlooked, evidently, the fact that city halls are not allowed to show a profit. Perhaps this too is changed with the advent of the new planned economy. I have said that we are on the threshold of a planned economy. Under the capitalist system there can be no planning.

According to the economists, of all commodities on the market at a given moment, nine-tenths are producer goods, goods that are of no use to the average man, while one-tenth are consumer goods, the things that he needs. Nearly all producer goods are exported, as also are a large percentage of consumer goods. What is left, we who produce them are welcome to them—at a price.

All this talk about money won't help us out of the mess we are now in; money has nothing to do with it. High prices are not the disease but a symptom. The disease is lack of commodities. Unfortunately, when this condition arises, it is accompanied by parasites and economic speculators who use the situation for their own personal gain.

If it is the intention of our leaders to continue our capitalist economy, it would be well for them to remember that the creation of capital depends on thrift—not waste. A man should be allowed to produce more than he consumes and be able to enjoy and utilize the balance. If there is no security in the possession of what he has saved then the whole idea of the system collapses and with it free enterprise, the city hall and money.

HUBERT JONES.

Vernon, B.C.  
February 14, 1948.

## EVERYBODY'S BUSINESS

Do you worry about things which may happen a year or five years from now?

If so, your own experience should tell you that many of the things you expect to happen won't happen at all. Or they will turn out quite differently. The chances are you're worrying needlessly. And this takes a greater toll of your efficiency and zest for living than you realize.

If you must worry, do so on a daily basis. Concern yourself only with what may happen tomorrow. Then take any steps you can take now to deal with these problems.

You probably know a number of people who always seem to be happy and apparently have no worries. Actually, like everyone else, they have their share. But they've learned to put "long-distance worrying" in its proper place—out of their minds!

Imitate these people and you will find new happiness and greater success!

There is one thing about the future you can be sure of—it is uncertain. But you can always provide for your family's financial security in days ahead by means of life insurance. Anticipating the future in this way is not only wise—it brings you peace of mind today!

Swirl into Spring

## Pre-Easter Dress Promotion

### LADIES' DRESSES

16.95 Ea.

An exciting two-piece dress in Spring's own Navy Blue or Black. Always right for daytime or evening wear. Smooth rayon crepe with short sleeves, and the new wee-waisted jacket, full flare skirt, checked rayon taffeta collar and cuffs. Sizes 12, 14 and 16.

### LADIES' SPRING DRESSES

Price 12.95 Ea.

Choose your Easter dress at The Bay. Printed silks with the slimmer waists and longer skirts, some with hip emphasis, some slender as a sheath—styles you can wear 'round the clock. In a complete range of spring colors. Sizes 12 to 20.

Others at 14.95 each

### LADIES' SILK JERSEY DRESSES

Price 14.95 Ea.

Spring prints a pretty new picture. Printed silk jersey dresses are now beckoning, then, spring itself. Included are a choice of adorable necklines, slim, four-gored, gathered or ballerina skirts, some have peplums. Bracelet or short sleeves, square, V or sweetheart necklines. Gay, colorful patterns—gorgeous color-splashed. Sizes 12 to 20.

### Ladies' Shortie Coats

Price 22.50

"Shorties" are winners. Wherever you go, whatever you wear a Shortie is simply "tops" atop any spring costume. Styled with versatile charm. It's a coat full of details that catch the eye. A gored flared back and rolled revers that make a highly attractive neckline. Also the new full sleeves. In a wonderful array of spring-like colors. Sizes 12 to 18.

Others at 19.95 each.

### Ladies' Spring Blouses

Price 3.98 Ea.

Now is the time to choose that dainty rayon sheer blouse to go with your new Easter suit. Short sleeves, round and V necklines and dainty lace trimmings. Colors White, Baby Blue, Canary Yellow and Soft Pink. Sizes 12 to 20.

Others at 2.98.

### Ladies' Spring Hats

Price 5.95 Ea.

A "New Spring Hat" is a beloved "must" for every woman's spring accessory list. Why not make your selection at The Bay. Smart new trims. All new spring colors.

Others 6.95 each.

### Ladies' Ballerina Petticoats

Price 5.95

Yes, your petticoat is showing and aren't you glad, 'cause it's the gayest young fashion to sweep through the country. Flounces play peek-a-boo at your hemline, rustly nylon whippers with every step. Colors White background with Green, Blue, Black or Red checked patterns. Waist sizes 24", 26" and 28".

### LADIES' SPRING SUITS

Price 39.50

"Suited for Spring"—Classic suits with a straight skirt, nipped waists, belted or belted with short and longer jackets. Come in and choose your favorite color of Burgundy, Black, Grey and Blue. Sizes 12 to 20.

Others at 25.00

### LADIES' SPRING SUITS

Price 25.00

Fitted classics, with interesting pocket detail and four and five button fronts. Skirts are straight cut with kick pleats in front. Flared back jacket with tailored convertible collar. Popular spring shades. Sizes 12 to 18.

### MEN'S TOPCOATS

29.50

Expertly tailored in all-wool Tweeds. Set-in sleeve models that give that dignified appearance. Flecked Herringbone and Donegal Weaves. Colors Grey, Blue and Brown. Sizes 36 to 44.

### MEN'S SPORT JACKETS

19.95

Designed and tailored for casual wear. They are easy fitting, giving you comfort as well as appearance. Fancy Houndstooth and Herringbone Weaves. Sizes 36 to 44.

## Ladies' Ballerina Skirts

Price 7.95 Ea.

Whirl your way to a new smartness in a Black Silk Crepe Ballerina Skirt. A versatile ensemble for your Easter holiday season. This swirling, flaring skirt is more fashionable than ever, and cut to give the smoothest fit around the hips. Colors Black only. Sizes 12 to 20.

Price 6.95 Ea.

Add one of these lovely skirts to your spring wardrobe. Ideal for those Easter Holiday sports. We have them in light weight wool in the herringbone weave. Two-button waist and zipper placket. Colors, Kelly Green, Powder Blue and Tan. Sizes 12 to 18.
